RULES OF PROCEDURE FOR THE CONSIDERATION OF PRIVATE CLAIMS BILLS

In connection with its jurisdiction over claims, the Subcommittee considers private bills extending relief to individuals who have no other existing remedy. The right to petition for a redress of grievances is guaranteed by the first amendment to the Constitution. When called upon to decide whether relief should be granted to persons seeking redress of grievances, the Subcommittee is guided by principles of equity and justice. The task of the Subcommittee is to determine whether the equities and circumstances of a case create a moral obligation on the part of the Government to extend relief to an individual.

House rule XI provides that the rules of the House are the rules of its Committees and Subcommittees so far as they are applicable to Committee and Subcommittee functions. That rule contains specific provisions concerning Committee operation and further, in rule XI (2), provides for written Committee rules which are to be consistent with the rules of the House. Subject to these requirements, each Committee is free to prescribe additional rules it finds necessary to conduct its business. This is recognized in Judiciary Committee rule I which expressly incorporates the applicable House rules. The balance of the Committee’s rules are addressed to subjects and situations which, from a procedural standpoint, are peculiar to it: Days of the meetings; publication of agenda; hearings; voting; broadcasting; jurisdiction, powers, and duties of standing Subcommittees; and non-legislative reports. Committee rule VII provides that—

* * * Subcommittee chairmen shall set dates for hearings and meetings of their respective Subcommittees after consultation with the Chairman and other Subcommittee chairmen with a view toward avoiding simultaneous scheduling of full Committee and Subcommittee meetings or hearings whenever possible.

The Subcommittee rules set out in this booklet implement these purposes and principles. These rules have been developed based upon the past exercise of its jurisdiction over private legislation and are intended to im-
plement the provisions of the rules of the House governing the consideration and disposition of private bills.

RULES

1. No consideration shall be given to any bill until the Subcommittee has received sufficient evidence. Upon request, the clerk will secure departmental or agency comments on the bill.

2. The chairman may, at his or her discretion, schedule the bill for a hearing.

3. Presentation or oral evidence at hearings on private bills shall be limited to 15 minutes for each side. This rule may be modified by order of the chairman in his discretion.

4. The Subcommittee shall not consider any claim which accrued more than 15 years before January 1 of the year in which the first session of the current Congress convenes, unless the claim was favorably reported during the immediately preceding Congress, but this rule will not bar the consideration of those claims which were finally disposed of after that date by a court or Government agency. This rule may be waived only upon order of two-thirds of the Subcommittee, present and voting.

NOTE

TIME RULE

An exception is provided in the rule for claims antedating the time limit which had been favorably reported during the immediately preceding Congress. This enables the Subcommittee to continue its consideration of claims which had previously been approved by the Committee, but not enacted by the Congress.

The rule applies to all claims regardless of the form of the bill. Thus, the rule cannot be avoided by changing a bill which would ordinarily call for settlement by decision of the Congress and direct appropriation into a jurisdictional bill, so as to require determination of the claim by a court or some other authority. It should be noted that the rule applies to the date a claim "accrued," not the date it was presented to the Congress, thereby differing from the ordinary statute of limitations, the operation of which is estopped by a formal presentation of the matter, or the filing of suit. Consequently, many claims heretofore presented to the Committee cannot, and will not, under the rule, be considered by it. The rule penalizes either for delay in presentation of a claim or delay in the assertion of the claim before the Congress after its presentation.

5. The Subcommittee shall not consider any claim adversely reported by it at a previous consideration and tabled by the full Committee except upon presentation of new and substantial evidence disclosing a material change in facts which, in the chairman’s opinion, is sufficient to warrant reopening the case.
NOTE

BILLS ADVERSELY REPORTED OR REJECTED

While this rule is of long standing, many of the private bills referred to the Subcommittee concern claims considered and rejected by it in previous years. The number of bills referred to the Subcommittee make it impossible to continue to review cases which were the subjects of unfavorable consideration at a prior time. The Subcommittee has adopted the position that a claim considered by it and rejected at a previous consideration should be viewed in the same light as a case which has been adversely decided by a court. In a judicial proceeding, a second case involving the same subject matter would be summarily dismissed by the court, and the Subcommittee has concluded that the same considerations apply in matters brought before it.

In applying the exception contained in the rule, the Subcommittee has required that the evidence be material in that it relate to the facts of the case and the change in the facts referred to in the rule. Further, the evidence must not have been available, or, with due diligence, capable of having been presented at the time of the prior consideration.

6. The Subcommittee shall not consider any claim filed with the Office of Workers’ Compensation Programs, Department of Labor, considered on its merits and disallowed; or any bill awarding or increasing compensation to an employee or his dependents in lieu of that prescribed by Chapter 81.—Compensation for Work Injuries, of title 5, United States Code (formerly the Federal Employees’ Compensation Act of September 7, 1916, as amended), or otherwise interfering with the provisions and compensations of that chapter, except bills to waive the limitations of time contained in sections 8119, 8121 and 8122, of chapter 81 of title 5 (or of sections 15 to 20, inclusive, of the previous act), and these sections may be waived only upon order of two-thirds of the Subcommittee, present and voting.

NOTE

EMPLOYEES’ COMPENSATION

This rule has the effect of removing from the Committee’s jurisdiction the subject of employees’ compensation in any but the one permissible form, the time limitation waiver. The subject is not now nor has it ever been considered a proper one for the Committee, and it is specifically covered, in all phases, by the codified provisions of the Federal Employees’ Compensation Act of September 7, 1916, as amended, now set forth in chapter 81 of title 5, U.S.C. and administered thereunder by the Office of Workers’ Compensation Programs, Department of Labor.

Bills to waive the limitations of time contained in sections 8119, 8121 and 8122 of chapter 81 of title 5, U.S.C. (formerly sections 15 to 20, inclusive, of the Employees’ Compensation Act of September 7, 1916), may be considered upon vote of two-thirds of the Subcommittee. These limitations relate to the time within which claims must be filed with the Office of Workers’ Compensation Programs, Department of Labor, the longest allowable period being 5 years. Bills
authorizing their waiver do not in any manner adjudicate the claim involved, a function which is performed by the Office of Workers' Compensation Programs, Department of Labor, under the remaining provisions of chapter 81 (Compensation for Work Injuries) of title 5, U.S.C., as if timely claim has been made direct to that Office in the first instance. As a matter of policy, these bills will include, if approved by the Committee, a provision precluding the receipt of benefits for any period prior to their date of approval. In addition, it is customary for such bills to include a limitation requiring presentation of claims thereunder within 6 months from the date of approval. The showing required by the Committee to warrant favorable consideration of such a bill is at least a prima facie case, coupled with justification for failure to file within the time prescribed by the act. These are the only bills relating to employees' compensation which the Committee will entertain. In the past, private bills have been referred to the Committee which would have modified the application of the substantive provisions of the Federal Employee's Compensation Act (now codified in chapter 81 of title 5, U.S.C.), in specific cases. For example, a bill might provide for the granting of compensation in a case where a claim was denied by the Bureau of Employee's Compensation (or the successor Office of Workers' Compensation Programs), or it might provide for greater compensation than that stated in the act, or it might provide compensation in an instance not recognized under the act. The Subcommittee will not consider such bills, for rule 6 explicitly bars such consideration.

In the past, the provisions of the Employees' Compensation Act have been extended in a limited manner to employees of the Civil Works Administration, the Civil Conservation Corps, the Works Progress Administration, and to other categories of Claimants. Rule 6 would bar the consideration of bills varying the application of the law in any such instance which would extend the provisions of the act to an individual employee for a disease disability, or compensate him therefore, or which would grant compensation over and above the limited amount, or in any manner interfere with the provisions of the act as extended to specific categories of claimants. The Committee has concluded that if relief is extended to Government employees or persons entitled to such benefits under the general law, the remedy is that provided by general law, and alternative remedies cannot be provided by enactment of discriminatory private legislation in selected cases.

7. The Subcommittee shall not consider any claim for benefits, compensation, pension, or gratuity by an employee or retiree of the Government, or a member of the Armed Forces or the Reserves, or by his dependents, when the benefits, compensation, pension, or gratuity to which such person claims to be entitled is specifically covered by statutes, which apply in a uniform manner to all similarly situated individuals.

NOTE

BENEFITS, COMPENSATION, PENSION, OR GRATUITY

Civil-service retirement benefits, the persons entitled thereto, the amount thereof, and upon what conditions they may be awarded are fully covered by Chapter 83.—Retirement, of title 5, United States Code.

Similarly, the other benefits and compensation accruing to Federal employees and retirees are provided for by laws that have general ap-
plication. The Committee will not entertain private legislation interfering with the general provisions of such laws by conferring a special benefit or privilege on a claimant. Private legislation of this class has not, at any time, been considered proper under the jurisdiction of this Committee.

The subjects of benefits, compensation, retirement or pension rights of persons who serve or who previously served in the Armed Forces of the United States are fully covered by public law. Private bills providing for the award of such benefits to persons or their dependents contrary to the system of benefits awarded under applicable law to other similarly situated individuals, will not be entertained by the Committee. Such bills would be discriminatory and would set the precedent for an unending stream of similar private legislation. Consideration of these bills is not regarded as included within the proper functions of the Subcommittee. As employed in the rule, the term “Armed Forces” is construed to include all members of the Army, Navy, Air Force, Marine Corps, and Coast Guard, and their respective Reserves, and all other persons not engaged in the civil pursuits of the Government.

8. The Subcommittee shall not consider any claim for injuries or damage, either to a member or to third persons, resulting from service in or activities by the National Guard maintained within the several States.

NOTE

NATIONAL GUARD

In the application of this rule, the Subcommittee is guided by the original authority for the establishment of the National Guard as is set forth in article 1, section 8, clause 16 of the Constitution which includes the following as within the powers of Congress:

“To provide for organizing, arming, and disciplining the militia, and for governing such part of them as may be employed in the service of the United States, reserving to the States, respectively, the appointment of officers and the authority of training the militia according to the discipline prescribed by Congress.”

Pursuant to the foregoing and other constitutional provisions, the Congress has provided the necessary laws and authorized the necessary regulations to carry them into execution as in the National Defense Act of 1916, as amended, the National Guard Regulations, and others. While the guard may be employed by the Federal Government under certain conditions, such as war or other national emergency, the statutes are careful in defining the extent to which Federal control may be exercised. In order to insure the effectiveness of the Guard in case of their need and use in emergencies affecting the whole Nation, the Government has some authority over their training, and to compensate for this it provides money for maintenance of the Guard, in part, and loans property for its use. Claims against the United States arising from such training activities may be settled administratively under the authority of section 715 of title 32, U.S.C. or pursuant to the tort claims provisions of chapter 171 of title 28 as amended by the National Guard Tort Claims Act (December 29, 1981, Pub. L. 97–124, 95 Stat. 1666). While the Government assists in National Guard maintenance and training since it is a Reserve component of the Armed Forces of the United States, as to State-directed activity it remains primarily a State organization. State-directed activity may take the form of a mobilization of National Guard units by State executive officers in time of disasters or other disorders, and claims arising from that activity are barred by the rule.
9. The Subcommittee shall not consider any claim over which another tribunal, court, or department has jurisdiction, until all remedies under such jurisdiction are exhausted.

NOTE

JURISDICTION OF ANOTHER TRIBUNAL

In the settlement of claims, Congress, is always the place of last resort. If another manner of obtaining redress against the Government has been provided (as in the jurisdiction of the United States Court of Federal Claims, the revenue laws, and bond redemption statutes, for example), it obviously was provided by the Congress, and the Committee will insist that such jurisdiction be exhausted. A failure by claimant to furnish the proof required by the court or department for determination of his claim is not exhausting the remedy provided, and the Committee will not recognize such cases.

10. The Subcommittee shall not consider any claim approved by the Congress and vetoed by the President, except upon a material change in the facts or written evidence that administration disapproval has been withdrawn; and this rule may be waived only upon order of two-thirds of the Subcommittee, present and voting.

NOTE

VETOES

In the absence of material change in the facts or written evidence that the administration has withdrawn its disapproval, this rule bars the consideration of a claim which was the subject of a private claims bill vetoed by the President. Concurrence of the House, the Senate, and the President is essential to payment by an act of Congress and disagreement thereto by any one of the three effectively bars enactment. Further action on a bill vetoed by the President is futile in the absence of a material change in the facts or written evidence that administration disapproval has been withdrawn.

11. In all bills carrying an appropriation, a provision shall be added limiting any attorney’s fees to not more than 10 percent. This limitation shall not apply to claims based upon findings of the Chief Judge of the United States Court of Federal Claims, court decisions, or where extraordinary services have been rendered. In such cases the Committee will determine the amount of fee to be allowed.

12. The Subcommittee shall not consider any claim for retirement benefits, compensation, pension, or gratuity under the Railroad Retirement Act when such claim has been considered on its merits and disallowed, or otherwise conflicts with the provisions and compensation of the act, except bills to waive the limitation
of time. This rule may be waived only upon order of two-thirds of the Subcommittee, present and voting.

13. The Subcommittee shall not consider any claims bill for benefits under the Social Security Act, as amended, when an application for such benefits has been considered on its merits and disallowed or the provisions of the bill otherwise modify or extend the provisions or benefits payable under the Act, but this prohibition shall not apply to bills to waive limitations of time. This rule may be waived only upon order of two-thirds of the Subcommittee, present and voting.

14. The Subcommittee shall not consider a bill which has twice passed the House and been rejected by a Senate committee, unless and until the bill has first passed the Senate. Such rule shall be waived only upon a vote of two-thirds of the Subcommittee.

15. The foregoing rules shall apply to resolutions referring bills to the Chief Judge of the Court of Federal Claims pursuant to section 1492 of title 28, United States Code.

NOTE

CONGRESSIONAL REFERENCE CASES

The congressional reference statute allows one House of Congress to refer a bill to the Chief Judge of the Court of Federal Claims for a report. Once referred to the court, a congressional reference case proceeds much like an ordinary court case as provided in section 2509 of title 28, United States Code, and the Rules of the Court of Federal Claims. Because of the amount of resources involved for both the court and the litigants in a congressional reference case, the Subcommittee should not refer a bill to the Court of Federal Claims for which it would be prohibited from considering under these rules.

GENERAL INFORMATION

AS TO PROCEDURE, JURISDICTION, AND CLAIMS AGAINST THE UNITED STATES

In addition to setting forth the rules governing the consideration of private claims bills, an effort has been made in this booklet to set forth some of the basic facts concerning the jurisdiction, policies, and procedures of the Subcommittee with reference to its jurisdiction over claims and, in addition, to give some general information concerning claims against the United States. The Committee constantly endeavors to keep such information available to those who are seeking or will seek relief from the Government through the Congress. This information is included to further explain this aspect of the Subcommittee's jurisdiction.
RULES OF THE HOUSE OF REPRESENTATIVES
CONCERNING PRIVATE CLAIMS BILLS

Committee Jurisdiction

Clause 2, Rule XII:
“(d) A bill for the payment or adjudication of a private claim against
the Government may not be referred to a Committee other than the
Committee on Foreign Affairs or the Committee on the Judiciary, ex-
cept by unanimous consent.”

Private Bills That May Not Be Considered in the House

Clause 4, Rule XII:
“(a) the payment of
money for property damages, for personal injuries or death for which
suit may be instituted under the Tort Claims Procedure provided in
title 28, United States Code, or for a pension (other than to carry out
a provision of law or treaty stipulation); (b) the construction of a
bridge across a navigable stream; or (c) the correction of a military
or naval record.”

Clause 6, Rule XII:

title 28, United States Code, or for a pension (other than to carry out
a provision of law or treaty stipulation); (b) the construction of a
bridge across a navigable stream; or (c) the correction of a military
or naval record.”

Private Calendar

Clause 1, Rule XIII:
“(a) All business reported by Committees shall be referred to one
of the following three calendars:
* * * * *
“3. A Private Calendar as provided in clause 5 of rule XV, to which
shall be referred all private bills and private resolutions.”

Call of the Private Calendar

Clause 5, Rule XV:
“(a) On the first Tuesday of a month, the Speaker shall direct the
Clerk to call the bills and resolutions on the Private Calendar
after disposal of such business on the Speaker’s table as requires re-
ference only. If two or more Members, Delegates, or the Resident Com-
misioner object to the consideration of a bill or resolution so called,
it shall be recommitted to the Committee that reported it. No other
business shall be in order before completion of the call of the Private
Calendar on this day unless two-thirds of the Members voting, a
quorum being present, agree to a motion that the House dispense
with the call.
“(b)(1) On the third Tuesday of a month, after the disposal of such
business on the Speaker’s table as requires reference only, the Speak-
er may direct the Clerk to call the bills and resolutions on the Private
Calendar. Preference shall be given to omnibus bills containing the
texts of bills or resolutions that have previously been objected to on
a call of the Private Calendar. If two or more Members, Delegates, or
the Resident Commissioner object to the consideration of a bill or resolution so called (other than an omnibus bill), it shall be recommitted to the Committee that reported it. Two-thirds of the Members voting, a quorum being present, may adopt a motion that the House dispense with the call on this day.

"(2) Omnibus bills shall be read for amendment by paragraph. No amendment shall be in order except to strike or to reduce amounts of money or to provide limitations. An item or matter stricken from an omnibus bill may not thereafter during the same session of Congress be included in an omnibus bill. Upon passage such an omnibus bill shall be resolved into the several bills and resolutions of which it is composed. The several bills and resolutions, with any amendments adopted by the House, shall be engrossed, when necessary, and otherwise considered as passed severally by the House as distinct bills and resolutions.

"(c) The Speaker may not entertain a reservation of the right to object to the consideration of a bill or resolution under this clause. A bill or resolution considered under this clause shall be considered in the House as in the Committee of the Whole. A motion to dispense with the call of the Private Calendar under this clause shall be privileged. Debate on such a motion shall be limited to five minutes in support and five minutes in opposition."

CONGRESSIONAL REFERENCE CASES

Sections 1492 and 2509 of title 28 of the United States Code authorize either House of Congress to refer bills to the chief judge of the United States Court of Federal Claims and provide that the chief judge shall report the findings of fact and conclusion in each case to the House which made the reference. The sections are as follows:

§ 1492. Congressional reference cases
Any bill, except a bill for a pension, may be referred by either House of Congress to the chief judge of the United States Court of Federal Claims for a report in conformity with section 2509 of this title.

§ 2509. Congressional reference cases
(a) Whenever a bill, except a bill for a pension, is referred by either House of Congress to the chief judge of the United States Court of Federal Claims pursuant to section 1492 of this title, the chief judge shall designated a judge as hearing officer for the case and a panel of three judges of the court to serve as a reviewing body. One member of the review panel shall be designated as presiding officer of the panel.

(b) Proceedings in a congressional reference case shall be under rules and regulations prescribed for the purpose by the chief judge who is hereby authorized and directed to require the application of the pertinent rules of practice of the Court of Federal Claims insofar as feasible. Each hearing officer and each review panel shall have authority to do and perform any acts which may be necessary or proper for the efficient performance of their duties, including the power of subpoenas and the power to administer oaths and affirmations. One of the rules, rulings, findings, or conclusions authorized by this section shall be subject to judicial review.

(c) The hearing officer to whom a congressional reference case is assigned by the chief judge shall proceed in accordance with the applica-
ble rules to determine the facts, including facts relating to delay or laches, facts bearing upon the question whether the bar of any statute of limitation should be removed, or facts claimed to excuse the claimant for not having resorted to any established legal remedy. He shall append to his findings of fact conclusions sufficient to inform Congress whether the demand is a legal or equitably claim or a gratuity, and the amount, if any, legally or equitably due from the United States to the claimant.

(d) The findings and conclusions of the hearing officer shall be submitted by him, together with the record in the case, to the review panel for review by it pursuant to such rules as may be provided for the purpose, which shall include provision for submitting the report of the hearing officer to the parties for consideration, exception, and argument before the panel. The panel, by majority vote, shall adopt or modify the findings or the conclusions of the hearing officer.

(e) The panel shall submit its report to the chief judge for transmission to the appropriate House of Congress.

(f) Any act or failure to act or other conduct by a party, a witness, or an attorney which would call for the imposition of sanctions under the rules of practice of the Court of Federal Claims shall be noted by the panel or the hearing officer at the time of occurrence thereof and upon failure of the delinquent or offending party, witness, or attorney to make prompt compliance with the order of the panel or the hearing officer a full statement of the circumstances shall be incorporated in the report of the panel.

(g) The Court of Federal Claims is hereby authorized and directed, under such regulations as it may prescribe, to provide the facilities and services of the office of the clerk of the court for the filing, processing, hearing, and dispatch of congressional reference cases and to include within its annual appropriations the costs thereof and other costs of administration, including (but without limitation to the item herein listed) the salaries and traveling expenses of judges serving as hearing officers and panel members, mailing and service of process, necessary physical facilities, equipment, and supplies, and personnel (including secretaries and law clerks).

WAIVER OF CLAIMS OF THE UNITED STATES

The jurisdiction of the Committee includes proposed legislation, in the form of both public and private bills, which would relieve individuals of obligations to the United States. Administrative authority to waive certain obligations have been granted in a number of laws. Representative provisions of law are set forth below.

(TITLE 5.—EXECUTIVE DEPARTMENTS-OFFICERS-EMPLOYEES)

(Chapter 55, Subchapter VIII)

§ 5584. Claims for overpayment of pay and allowances, and of travel transportation and relocation expenses and allowances

(a) A claim of the United States against a person arising out of an erroneous payment of pay or allowances made on or after July 1, 1960, or arising out of an erroneous payment of travel, transportation or relocation expenses and allowances, to an employee of an agency,
the collection of which would be against equity and good conscience
and not in the best interests of the United States, may be waived in
whole or in part by—

(1) the authorized official;

(2) the head of the agency when—

(A) the claim is in an amount aggregating not more than
$1,500; and

(B) the waiver is made in accordance with standards which
the authorized official shall prescribe.

(3) the Director of the Administrative Office of the United
States Courts when the claim is in an amount aggregating not
more than $10,000 and involves an officer or employee of the Ad-
ministrative Office of the United States Courts, the Federal Judi-
cial Center, or any of the courts set forth in section 610 of title
28.

(b) The authorized official or the head of the agency, as the case
may be, may not exercise his authority under this section to waive
any claim—

(1) if, in his opinion, there exists, in connection with the claim,
an indication of fraud, misrepresentation, fault, or lack of good
faith on the part of the employee or any other person having an
interest in obtaining a waiver of the claim;

(2) except in the case of employees of the Government Printing
Office, the Library of Congress, the Office of the Architect of the
Capitol, or the Botanic Garden, if application for waiver is re-
ceived in his office after the expiration of 3 years immediately fol-
lowing the date on which the erroneous payment of pay was dis-
covered or 3 years immediately following October 21, 1968,
whichever is later;

(3) except in the case of employees of the Government Printing
Office, the Library of Congress, the Office of the Architect of the
Capitol, or the Botanic Garden, if application for waiver is re-
ceived in his office after the expiration of 3 years immediately fol-
lowing the date on which the erroneous payment of allowances
was discovered or 3 years immediately following October 2, 1972,
whichever is later;

(4) in the case of employees of the Government Printing Office,
the Library of Congress, the Office of the Architect of the Capit
or the Botanic Garden, if application for waiver is received in his
office after the expiration of 3 years immediately following the
date on which the erroneous payment of pay allowances was dis-
covered or 3 years immediately following July 25, 1974, which-
ever is later; or

(5) in the case of a claim involving an erroneous payment of
travel, transportation or relocation expenses and allowances, if
application for waiver is received in his office after the expiration
of 3 years immediately following the date on which the erroneous
payment was discovered.

(c) A person who has repaid to the United States all or part of
the amount of a claim, with respect to which a waiver is granted under
this section, is entitled, to the extent of the waiver, to refund, by the
employing agency at the time of the erroneous payment, of the
amount repaid to the United States, if he applies to that employing
agency for the refund within 2 years following the effective date of the
waiver. The employing agency shall pay that refund in accordance
with this section.

(d) In the audit and settlement of the accounts of any accountable
official, full credit shall be given for any amounts with respect to
which collection by the United States is waived under this section.

(e) An erroneous payment, the collection of which is waived under
this section, is deemed a valid payment for all purposes.
(f) This section does not affect any authority under any other statute to litigate, settle, compromise, or waive any claim of the United States.

(g) For the purpose of this section, “agency” means—
(1) an Executive agency;
(2) the Government Printing Office;
(3) the Library of Congress;
(4) the Office of the Architect of the Capitol;
(5) the Botanic Garden;
(6) the Administrative Office of the United States Courts, the Federal Judicial Center, and any of the courts set forth in section 610 of title 28; and
(7) the Congressional Budget Office.

For purposes of this section, the Director of the Administrative Office of the United States Court shall be the head of the agency in the case of those entities set forth in paragraph (6) of this subsection.

(g) For the purpose of this section, the term “authorized official” means—
(1) the head of an agency, with respect to an agency or employee in the legislative branch; or
(2) the Director of the Office of Management and Budget, with respect to any other agency or employee.

§ 2774. Claims for overpayment of pay and allowances, and travel and transportation allowances

(a) A claim of the United States against a person arising out of an erroneous payment of any pay or allowances made before, on, or after October 2, 1972, or arising out of an erroneous payment of travel and transportation allowances, to or on behalf of a member or former member of the uniformed services, the collection of which would be against equity and good conscience and not in the best interest of the United States, may be waived in whole or in part by—
(1) the Director of the Office of Management and Budget; or
(2) the Secretary concerned, as defined in section 101(5) of title 37, when—
(A) the claim is in an amount aggregating not more than $10,000; and
(B) the waiver is made in accordance with standards which the Director of the Office of Management and Budget shall prescribe.

(b) The Director of the Office of Management and Budget or the Secretary concerned, as the case may be, may not exercise his authority under this section to waive any claim—
(1) if, in his opinion, there exists, in connection with the claim, an indication of fraud, misrepresentation, fault, or lack of good faith on the part of the member of any other person having an interest in obtaining a waiver of the claim; or
(2) if application for waiver is received in his office after the expiration of 5 years immediately following the date on which the erroneous payment was discovered.

(c) A person who has repaid to the United States all or part of the amount of a claim, with respect to which a waiver is granted under this section, is entitled, to the extent of the waiver, to refund, by the department concerned at the time of the erroneous payment, of the amount repaid to the United States, if he applies to that department for that refund within 2 years following the effective date of the waiver. The Secretary concerned shall pay from current applicable appropriations that refund in accordance with this section.

(d) In the audit and settlement of accounts of any accountable officer or official, full credit shall be given for any amounts with respect to which collection by the United States is waived under this section.

(e) An erroneous payment, the collection of which is waived under this section, is considered a valid payment for all purposes.

(f) This section does not affect any authority under any other law to litigate, settle, compromise, or waive any claim of the United States.

§ 4837. Settlement of accounts; remission or cancellation of indebtedness of members

(a) In general. The Secretary of the Army may have remitted or cancelled any part of the indebtedness of a person to the United States or any instrumentality of the United States incurred while the person was serving on active duty as a member of the Army, but only if the Secretary considers such action to be in the best interest of the United States.

(b) Retroactive applicability to certain debts. The authority in subsection (a) may be exercised with respect to any debt covered by that subsection that is incurred on or after October 7, 2001.

(c) Regulations. This section shall be administered under regulations prescribed by the Secretary of Defense.

§ 6161. Settlement of accounts; remission or cancellation of indebtedness of members

(a) In general. The Secretary of the Navy may have remitted or cancelled any part of the indebtedness of a person to the United States or any instrumentality of the United States incurred while the

(TITLE 32.—NATIONAL GUARD)

§ 716. Claims for overpayment of pay and allowances, and travel and transportation allowances

(a) A claim of the United States against a person arising out of an erroneous payment of any pay or allowances made before, on, or after October 2, 1972, or arising out of an erroneous payment of travel and transportation allowances, to or on behalf of a member or former member of the National Guard, the collection of which would be against equity and good conscience and not in the best interest of the United States, may be waived in whole or in part by—

(1) the Director of the Office of Management and Budget; or

(2) the Secretary concerned, as defined in section 101(5) of title 37, when—

(A) the claim is in an amount aggregating not more than $10,000; and

(B) the waiver is made in accordance with standards which the Director of the Office of Management and Budget shall prescribe.

(b) The Director of the Office of Management and Budget or the Secretary concerned, as the case may be, may not exercise his authority under this section to waive any claim—

(1) if, in his opinion, there exists, in connection with the claim, an indication of fraud, misrepresentation, fault, or lack of good faith on the part of the member or any other person having an interest in obtaining a waiver of the claim; or

(2) if application for waiver is received in his office after the expiration of 5 years immediately following the date on which the erroneous payment was discovered.

(c) A person who has repaid to the United States all or part of the amount of a claim, with respect to which a waiver is granted under this section, is entitled, to the extent of the waiver, to refund, by the department concerned at the time of the erroneous payment, of the amount repaid to the United States, if he applies to that department for that refund within 2 years following the effective date of the waiver. The Secretary concerned shall pay from current applicable appropriations that refund in accordance with this section.

(d) In the audit and settlement of accounts of any accountable officer or official, full credit shall be given for any amounts with respect to which collection by the United States is waived under this section.

(e) An erroneous payment, the collection of which is waived under this section, is considered a valid payment for all purposes.

(f) This section does not affect any authority under any other law to litigate, settle, compromise, or waive any claim of the United States.

§ 403. Basic allowance for housing

(2) The Secretary concerned may make such determinations as may be necessary to administer this section, including determinations of dependency and relationship. When warranted by the circumstances, the Secretary concerned may reconsider and change or modify any such determination. The authority of the Secretary concerned under this subsection may be delegated. Any determination made under this section with regard to a member of the uniformed services is final and is not subject to review by any accounting officer of the United States or a court, unless there is fraud or gross negligence.

§ 5302. Waiver of recovery of claims by the United States

(a) There shall be no recovery of payments or overpayments (or any interest thereon) of any benefits under any of the laws administered by the Secretary whenever the Secretary determines that recovery would be against equity and good conscience, if any application for relief is made within 180 days from the date of notification of the indebtedness by the Secretary to the payee, or within such longer period as the Secretary determines is reasonable in case in which the payee demonstrated to the satisfaction of the Secretary that such notification was not actually received by such payee within a reasonable period after such date. The Secretary shall include in the notification to the payee a statement of the right of the payee to submit an application for a waiver under this subsection and a description of the procedures for submitting the application.

(b) With respect to any loan guaranteed, insured, or made under chapter 37 of this title, the Secretary shall, except as provided in subsection (c) of this section, waive payment of an indebtedness to the Department by the veteran (as defined in sections 101, 3701, and 3702(a)(2)(C)(ii) of this title), or the veteran’s spouse, following default and loss of the property, where the Secretary determines that collection of such indebtedness would be against equity and good conscience. An application for relief under this subsection must be made within 1 year after the date on which the veteran receives notice by certified mail with return receipt requested from the Secretary of the indebtedness. The Secretary shall include in the notification a statement of the right of the veteran to submit an application for a waiver under this subsection and a description of the procedures for submitting the application.

(c) The recovery of any payment or the collection of any indebtedness (or any interest thereon) may be waived under this section if, in the Secretary’s opinion, there exists in connection with the claim for such waiver an indication of fraud, misrepresentation, or bad faith on
the part of the person or persons having an interest in obtaining a waiver of such recovery or the collection of such indebtedness (or any interest thereon).

(d) No certifying or disbursing officer shall be liable for any amount paid to any person where the recovery of such amount is waived under subsection (a) or (b).

(e) Where the recovery of a payment or overpayment made from the National Service Life Insurance Fund or United States Government Life Insurance Fund is waived under this section, the fund from which the payment was made shall be reimbursed from the National Service Life Insurance appropriation or the military and naval insurance appropriation, as applicable.

**FEDERAL TORT CLAIMS ACT**

The provisions of the Federal Tort Claims Act (act of Aug. 2, 1946, 60 Stat. 842) have been restated and codified as a part of title 28 of the United States Code. Title 28 was enacted into positive law by the act of June 25, 1948, ch. 646, 62 Stat. 869. Since the provisions of the Tort Claims Act as originally enacted have been superseded by the tort claims provisions now contained in the codified title, the relevant provisions of title 28 are included in this booklet. Those sections are as follows:

§ 1346. United States as defendant

(a) The district court shall have original jurisdiction, concurrent with the United States Court of Federal Claims, of:

1. Any civil action against the United States for the recovery of any internal-revenue tax alleged to have been erroneously or illegally assessed or collected, or any penalty claimed to have been collected without authority or any sum alleged to have been excessive or in any manner wrongfully collected under the internal-revenue laws;

2. Any other civil action or claim against the United States, not exceeding $10,000 in amount, founded either upon the Constitution, or any Act of Congress, or any regulation of an executive department, or upon any express or implied contract with the United States, or for liquidated or unliquidated damages in cases not sounding in tort, except that the district courts shall not have jurisdiction of any civil action or claim against the United States founded upon any express or implied contract with the United States or for liquidated or unliquidated damages in cases not sounding in tort which are subject to sections 7104(b)(1) and 7107(a)(1) of title 41. For the purpose of this paragraph, an express or implied contract with the Army and Air Force Exchange Service, Navy Exchanges, Marine Corps Exchanges, Coast Guard Exchanges, or Exchange Councils of the National Aeronautics and Space Administration shall be considered an express or implied contract with the United States.
(b)(1) Subject to the provisions of chapter 171 of this title, the district courts, together with the U.S. district court for the District of the Canal Zone and the district court of the Virgin Islands, shall have exclusive jurisdiction of civil actions on claims against the United States, for money damages, accruing on and after January 1, 1945, for injury or loss of property, or personal injury or death caused by the negligent or wrongful act or omission of any employee of the Government while acting within the scope of his office or employment, under circumstances where the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred.

(2) No person convicted of a felony who is incarcerated while awaiting sentencing or while serving a sentence may bring a civil action against the United States or an agency, officer, or employee of the Government, for mental or emotional injury suffered while in custody without a prior showing of physical injury.

(c) The jurisdiction conferred by this section includes jurisdiction of any set-off counterclaim, or other claim or demand whatever on the part of the United States against any plaintiff commencing an action under this section.

(d) The district courts shall not have jurisdiction under this section of any civil action or claim for a pension.

(e) The district courts shall have original jurisdiction of any civil action against the United States provided in section 6226, 6298(a), 7426, or 7428 (in the case of the United States district court for the District of Columbia) or section 7429 of the Internal Revenue Code of 1954.

(f) The district courts shall have exclusive original jurisdiction of civil actions under section 2409a to quiet title to an estate or interest in real property in which an interest is claimed by the United States.

(g) Subject to the provisions of chapter 179, the district courts of the United States shall have exclusive jurisdiction over any civil action commenced under section 453(2) of title 3, by a covered employee under chapter 5 of such title.

§ 2401. Time for commencing action against United States

(a) Except as provided by chapter 71 of title 41, every civil action commenced against the United States shall be barred unless the complaint is filed within 6 years after the right of action first accrues. The action of any person under legal disability or beyond the seas at the time the claim accrues may be commenced within 3 years after the disability ceases.

(b) A tort claim against the United States shall be forever barred unless it is presented in writing to the appropriate Federal agency within 2 years after such claim accrues or unless action is begun.
The application of these provisions to particular agencies or employees may be determined by separate statutes: e.g. Energy Security Act, 42 U.S.C. 8786 (1976 ed. Sup IV) (Synfuels Corporation shall be treated as if it were a Federal agency); Panama Canal Act of 1979, 22 U.S.C. 3761(e) (1976 ed. Sup V) (claims arising out of operation of the Panama Canal are not cognizable under Federal Tort Claims provisions); Peace Corps Act, 22 U.S.C. 2564(b) (1976 ed. Sup. V) (Peace Corps Volunteers are covered employees); Comprehensive Employment and Training Act, 29 U.S.C. 939a(b) (1976 ed. Sup. V) (C.E.T.A. enrollees are covered employees).

within 6 months after the date of mailing, by certified or registered mail, of notice of final denial of the claim by the agency to which it was presented.

§ 2671. Definitions

As used in this chapter and sections 1346(b) and 2401(b) of this title, the term “Federal agency” includes the executive departments, the judicial and legislative branches, the military departments, independent establishment of the United States, and corporations primarily acting as instrumentalities or agencies of the United States, but does not include any contractor with the United States.

“Employee of the Government” includes: (1) officers or employees of any federal agency, members of the military or naval forces of the United States, members of the National Guard while engaged in training or duty under section 115, 316, 502, 503, 504, or 505 of title 32, and persons acting on behalf of a federal agency in an official capacity, temporarily or permanently in the service of the United States, whether with or without compensation, and (2) any officer or employee of a Federal public defender organization, except when such officer or employee performs professional services in the course of providing representation under section 3006A of title 18.

“Acting within the scope of his office or employment,” in the case of a member of the military or naval forces of the United States or a member of the National Guard as defined in section 101(3) of title 32, means acting in line of duty.

1The application of these provisions to particular agencies or employees may be determined by separate statutes: e.g. Energy Security Act, 42 U.S.C. 8786 (1976 ed. Sup IV) (Synfuels Corporation shall be treated as if it were a Federal agency); Panama Canal Act of 1979, 22 U.S.C. 3761(e) (1976 ed. Sup. V) (claims arising out of operation of the Panama Canal are not cognizable under Federal Tort Claims provisions); Peace Corps Act, 22 U.S.C. 2564(b) (1976 ed. Sup. V) (Peace Corps Volunteers are covered employees); Comprehensive Employment and Training Act, 29 U.S.C. 939a(b) (1976 ed. Sup. V) (C.E.T.A. enrollees are covered employees).
§ 2672. Administrative adjustment of claims

The head of each Federal agency or his designee, in accordance with regulations prescribed by the Attorney General, may consider, ascertain, adjust, determine, compromise, and settle any claim for money damages against the United States for injury or loss of property or personal injury or death caused by the negligent or wrongful act or omission of any employee of the agency while acting within the scope of his office or employment, under circumstances where the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred: Provided, That any award, compromise, or settlement in excess of $25,000 shall be effected only with the prior written approval of the Attorney General or his designee. Notwithstanding the proviso contained in the preceding sentence, any award, compromise, or settlement may be effected without the prior written approval of the Attorney General or his or her designee, to the extent that the Attorney General delegates to the head of the agency the authority to make such award, compromise, or settlement. Such delegations may not exceed the authority delegated by the Attorney General to the United States attorneys to settle claims for money damages against the United States. Each Federal agency may use arbitration, or other alternative means of dispute resolution under the provisions of subchapter IV of chapter 5 of title 5, to settle any tort claim against the United States, to the extent of the agency’s authority to award, compromise, or settle such claim without the prior written approval of the Attorney General or his or her designee.

Subject to the provisions of this title relating to civil actions on tort claims against the United States, any such award, compromise, settlement, or determination shall be final and conclusive on all officers of the Government, except when procured by means of fraud. Any award, compromise, or settlement in an amount of $2,500 or less made pursuant to this section shall be paid by the head of the Federal agency concerned out of appropriations available to that agency. In no case shall any award, compromise, or settlement in an amount in excess of $2,500 made pursuant to this section or made by the Attorney General in any amount pursuant to section 2677 of this title be paid in a manner similar to judgments and compromises in like causes and appropriations or funds available for the payment of such judgments and compromises are hereby made available for the payment of awards, compromises, or settlements under this chapter.

The acceptance by the claimant of any such award, compromise, or settlement shall be final and conclusive on the claimant, and shall constitute a complete release of any claim against the United States and against the employee of the Government whose act or omission gave rise to the claim, by reason of the same subject matter. Subject to the provisions of this title relating to civil actions on tort claims against the United States, any such award, compromise, settlement, or determination shall be final and conclusive on all officers of the Government, except when procured by means of fraud.

The section as contained in the Act of June 25, 1948, ch. 646, 62 Stat. 983, requires that the head of each Federal agency shall report annually to Congress all claims paid by it under section 2672 of this
title, stating the name of each claimant, the amount claimed, the
amount awarded, and a brief description of the claim.

§ 2674. Liability of United States

The United States shall be liable, respecting the provisions of this
title relating to tort claims, in the same manner and to the same ex-
tent as a private individual under like circumstances, but shall not
be liable for interest prior to judgment or for punitive damages.

If, however, in any case wherein death was caused, the law of the
placed where the act or omission complained of occurred provides, or
has been construed to provide, for damages only punitive in nature,
the United States shall be liable for actual or compensatory damages,
measured by the pecuniary injuries resulting from such death to the
persons respectively, for whose benefit the action was brought, in lieu
thereof.

With respect to any claim under this chapter, the United States
shall be entitled to assert any defense based upon judicial or legisla-
tive immunity which otherwise would have been available to the em-
ployee of the United States whose act or omission gave rise to the
claim, as well as any other defenses to which the United States is en-
titled.

With respect to any claim to which this section applies, the Ten-
nessee Valley Authority shall be entitled to assert any defense which
otherwise would have been available to the employee based upon judi-
cial or legislative immunity which otherwise would have been avail-
able to the employee of the Tennessee Valley Authority whose act or
omission gave rise to the claim as well as any other defenses to which
the Tennessee Valley Authority is entitled under this chapter.

(June 25, 1948, ch. 646, 62 Stat. 983; Pub. L. 100±694, §§ 4, 9(c), Nov.
18, 1988, 102 Stat. 4564, 4567.)

§ 2675. Disposition by Federal agency as prerequisite; evidence

(a) An action shall not be instituted upon a claim against the
United States for money damages for injury or loss of property or per-
sonal injury or death caused by the negligent or wrongful act or omis-
sion of any employee of the Government while acting within the scope
of his office or employment, unless the claimant shall have first pre-
sented the claim to the appropriate Federal agency and his claim
shall have been finally denied by the agency in writing and sent by
certified or registered mail. The failure of an agency to make final
disposition of a claim within 6 months after it is filed shall, at the
option of the claimant any time thereafter, be deemed a final denial
of the claim for purposes of this section. The provisions of this sub-
section shall not apply to such claims as may be asserted under the
Federal Rules of Civil Procedure by third party complaint, crossclaim,
or counterclaim.

(b) Action under this section shall not be institute for any sum in
excess of the amount of the claim presented to the federal agency, ex-
cept where the increased amount is based upon newly discovered evi-
dence not reasonably discovered at the time of presenting the claim
to the federal agency, or upon allegation and proof of intervening
facts, relating to the amount of the claim.

(c) Disposition of any claim by the Attorney General or other head
of a federal agency shall not be competent evidence of liability or
amount of damages.

(June 25, 1948, ch. 646, 62 Stat. 983; May 24, 1949, ch. 139, § 126,

§ 2676. Judgment as bar

The judgment in an action under section 1346(b) of this title shall
constitute a complete bar to any action to claimant, by reason of the
same subject matter, against the employee of the government whose act or omission gave rise to the claim.
(June 25, 1948, ch. 646, 62 Stat. 984.)

§ 2677. Comprise

The Attorney General or his designee may arbitrate, compromise, or settle any claim cognizable under section 1346(b) of this title, after the commencement of an action thereon.

§ 2678. Attorney fees; penalty

No attorney shall charge, demand, receive, or collect for services rendered, fees in excess of 25 per centum of any judgment rendered pursuant to section 1346(b) of this title or any settlement made pursuant to section 2677 of this title, or in excess of 20 per centum of any award, compromise, or settlement made pursuant to section 2672 of this title.
Any attorney who charges, demands, receives, or collects for services rendered in connection with such claim any amount in excess of that allowed under this section, if recovery be had, shall be fined not more than $2,000 or imprisoned not more than 1 year, or both.

§ 2679. Exclusiveness of remedy

(a) The authority of any federal agency to sue and be sued in its own name shall not be construed to authorize suits against such federal agency on claims which are cognizable under section 1346(b) of this title, and the remedies provided by this title in such cases shall be exclusive.

(b)(1) The remedy against the United States provided by sections 1346(b) and 2672 of this title for injury or loss of property or personal injury or death, arising or resulting from the negligent or wrongful act or omission of any employee of the Government while acting within the scope of his office or employment is exclusive of any other civil action or proceeding for money damages by reason of the same subject matter against the employee whose act or omission gave rise to the claim or against the estate of such employee. Any other civil action or proceeding for money damages arising out of or relating to the same subject matter against the employee or the employee’s estate is precluded without regard to when the act or omission occurred.

(2) Paragraph (1) does not extend or apply to a civil action against an employee of the Government—

(A) which is brought for a violation of the Constitution of the United States, or

(B) which is brought for a violation of a statute of the United States under which such action against an individual is otherwise authorized.

(c) The Attorney General shall defend any civil action or proceeding brought in any court against any employee of the Government or his estate for any such damage or injury. The employee against whom such civil action or proceeding is brought shall deliver within such time after date of service or knowledge of service as determined by the Attorney General, all process served upon him or an attested true copy thereof to his immediate superior or to whomever was designated by the head of his department to receive such papers and such person shall promptly furnish copies of the pleadings and process therein to the United States Attorney for the district embracing the place wherein the proceeding is brought, to the Attorney General, and to the head of his employing Federal agency.
(d)(1) Upon certification by the Attorney General that the defendant employee was acting within the scope of his office or employment at the time of the incident out of which the claim arose, any civil action or proceeding commenced upon such claim in a United States district court shall be deemed an action against the United States under the provisions of this title and all references thereto, and the United States shall be substituted as the party defendant.

(2) Upon certification by the Attorney General that the defendant employee was acting within the scope of his office or employment at the time of the incident out of which the claim arose, any civil action or proceeding commenced upon such claim in a State court shall be removed without bond at any time before trial by the Attorney General to the district court of the United States for the district and division embracing the place in which the action or proceeding is pending. Such action or proceeding shall be deemed to be an action or proceeding brought against the United States under the provisions of this title and all references thereto, and the United States shall be substituted as the party defendant. This certification of the Attorney General shall conclusively establish scope of office or employment for purposes of removal.

(3) In the event that the Attorney General has refused to certify scope of office or employment under this section, the employee may at any time before trial petition the court to find and certify that the employee was acting within the scope of his office or employment. Upon such certification by the court, such action or proceeding shall be deemed to be an action or proceeding brought against the United States under the provisions of this title and all references thereto, and the United States shall be substituted as the party defendant. A copy of the petition shall be served upon the United States in accordance with the provisions of Rule 4(d)(4) of the Federal Rules of Civil Procedure. In the event the petition is filed in a civil action or proceeding pending in a State court, the action or proceeding may be removed without bond by the Attorney General to the district court of the United States for the district and division embracing the place in which it is pending. If, in considering the petition, the district court determines that the employee was not acting within the scope of his office or employment, the action or proceeding shall be remanded to the State court.

(4) (Upon) certification, any action or proceeding subject to paragraph (1), (2), or (3) shall proceed in the same manner as any action against the United States filed pursuant to section 1346(b) of this title and shall be subject to the limitations and exceptions applicable to those actions.

(5) Whenever an action or proceeding in which the United States is substituted as the party defendant under this subsection is dismissed for failure first to present a claim pursuant to section 2675(a) of this title, such a claim shall be deemed to be timely presented under section 2401(b) of this title if—
(A) the claim would have been timely had it been filed on the date the underlying civil action was commenced, and
(B) the claim is presented to the appropriate Federal agency within 60 days after dismissal of the civil action.

(e) The Attorney General may compromise or settle any claim asserted in such civil action or proceeding in the manner provided in section 2677, and with the same effect.

§ 2680. Exceptions

The provisions of this chapter and section 1346(b) of this title shall not apply to—

(a) Any claim based upon an act or omission of an employee of the Government, exercising due care, in the execution of a statute or regulation, whether or not such statute or regulation be valid, or based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of a federal agency or an employee of the Government, whether or not the discretion involved be abused.

(b) Any claim arising out of the loss, miscarriage, or negligent transmission of letters or postal matter.

(c) Any claim arising in respect of the assessment or collection of any tax or customs duty, or the detention of any goods, merchandise, or other property by any officer of customs or excise or any other law enforcement officer, except that the provisions of this chapter and section 1346(b) of this title apply to any claim based on injury or loss of goods, merchandise, or other property, while in the possession of any officer of customs or excise or any other law enforcement officer, if—

1. the property was seized for the purpose of forfeiture under any provision of Federal law providing for the forfeiture of property other than as a sentence imposed upon conviction of a criminal offense;
2. the interest of the claimant was not forfeited;
3. the interest of the claimant was not remitted or mitigated (if the property was subject to forfeiture); and
4. the claimant was not convicted of a crime for which the interest of the claimant in the property was subject to forfeiture under a Federal criminal forfeiture law.

(d) Any claim for which a remedy is provided by chapter 309 or 311 of Title 46, relating to claims or suits in admiralty against the United States.

(e) Any claim arising out of an act or omission of any employee of the Government in administering the provisions of sections 1–31 of Title 50, Appendix.

(f) Any claim for damages caused by the imposition or establishment of a quarantine by the United States.

(h) Any claim arising out of assault, battery, false imprisonment, false arrest, malicious prosecution, abuse of process, libel, slander, misrepresentation, deceit, or interference with contract rights: Provided, That, with regard to acts or omissions of investigative or law enforcement officers of the United States Government, the provisions of this chapter and section 1346(b) of this title shall apply to any claim arising, on or after the date of the enactment of this proviso, out of assault, battery, false imprisonment, false arrest, abuse or process, or malicious prosecution. For the purpose of this subsection, “investigative or law enforcement officer” means any officer of the United States who is empowered by law to execute searches, or size evidence, or to make arrests for violations of Federal law.

(i) Any claim for damages caused by the fiscal operations of the Treasury or by the regulation of the monetary system.

(j) Any claim arising out of the combatant activities of the military or naval forces, or the Coast Guard, during time of war.

(k) Any claim arising in a foreign country.

(l) Any claim arising from the activities of the Tennessee Valley Authority.

(m) Any claim arising from the activities of the Panama Canal Company.
(n) Any claim arising from the activities of a Federal land bank, a Federal intermediate credit bank, or a bank for cooperatives.

Former Court of Claims Jurisdiction Over Appeals of Final Judgments in Tort Actions.

(The section as contained in the Act of June 25, 1948, ch. 646, 62 Stat. 942, provided that Court of Claims would have jurisdiction to review by appeal final judgments in the district courts in civil actions based on tort claims brought under section 1346(b) of this title if the notice of appeal filed in the district court had affixed thereto the written consent on behalf of the appellees that the appeal be taken to the court of Claims.)

HISTORICAL NOTE

This section was based upon provisions of the original Tort Claims Act as enacted on August 2, 1946. Section 412(a)(2) of that Act (ch. 753, 60 Stat. 844) contained those provisions which were revised and included in this section at the time of the enactment of codified title 28, United States Code, on June 25, 1948. At that time a sentence of the original law was omitted. It provided that in tort claims appeals to the Court of Claims, that court should have the same powers and duties as those of a court of appeals. These powers and duties were viewed as being inherent in the provisions of this section conferring appellate jurisdiction.

(The section as contained in the Act of June 25, 1948, ch. 646, 62 Stat. 964, and as amended by the Act of May 24, 1949, ch. 139, §109, 63 Stat. 105 provided that appeals to the Court of Claims in tort claims cases under former section 1504 of title 28, would be taken within 90 days after the entry of the final judgment of the district court.)

ATOMIC TESTING LIABILITY ACT

In 1984, section 1631 of the Department of Defense Authorization Act of 1985 (P.L. 98–525), (otherwise known as the “Warner Amendment”) was enacted. This provision in title 42 removed any liability from government contractors for injuries resulting from atomic weapons testing programs. It then substituted the United States as the potentially liable party in such cases, under the provisions of the Federal Tort Claims Act.

In 1990, section 3140 of the National Defense Authorization Act for fiscal year 1991 (P.L. 101–510) repealed the Warner Amendment, but section 3141 of the 1990 Act re- enacted it with a new title (the “Atomic Testing Liability Act”) and some minor technical changes. The pro-
vision is found in the U.S. Code where the repealed provision used to be: 50 U.S.C. § 2783.

§ 2783. Contractor liability for injury or loss of property arising out of atomic weapons testing programs

(a) Short Title
This section may be cited as the “Atomic Testing Liability Act.”

(b) Federal remedies applicable; exclusiveness of remedies

(1) Remedy
The remedy against the United States provided by sections 1346(b) and 2672 of title 28, by the Act of March 9, 1920 (46 U.S.C. App. 741–752), or by the act of March 8, 1925 (46 U.S.C. App. 781–790), as appropriate for injury, loss of property, personal injury, or death shall apply to any civil action for injury, loss of property, personal injury, or death due to exposure to radiation based on acts or omissions by a contractor in carrying out an atomic weapons testing program under a contract with the United States.

(2) Exclusivity
The remedies referred to in paragraph (1) shall be exclusive of any other civil action or proceeding for the purpose of determining civil liability arising from any act or omission of the contractor without regard to when the act or omission occurred. The employees of a contractor referred to in paragraph (1) shall be considered to be employees of the Federal Government, as provided in section 2671 of title 28, for the purposes of any such civil action or proceeding; and the civil action or proceeding shall proceed in the same manner as any action against the United States filed pursuant to section 1346(b) of such title 28 and shall be subject to the limitations and exceptions applicable to those actions.

(c) Procedure
A contractor against whom a civil action or proceeding described in subsection (b) of this section is brought shall promptly deliver all processes served upon that contractor to the Attorney General of the United States. Upon certification by the Attorney General that the suit against the contractor is within the provisions of subsection (b) of this section, a civil action or proceeding commenced in a State court shall be removed without bond at any time before trial by the Attorney General to the district court of the United States for the district and division embracing the place wherein it is pending and the proceedings shall be deemed a tort action brought against the United States under the provisions of section 1346(b), 2401(b), 04 2402, or sections 2671 through 2680 of title 28. For purposes of removal, the certification by the Attorney General under this subsection establishes contractor status conclusively.

(d) Actions covered
The provisions of this section shall apply to any action, within the provisions of subsection (b) of this section, which is pending on November 5, 1990 or after such date. Notwithstanding section 2401(b) of title 28, if a civil action or proceeding to which this section applies is pending on November 5, 1990 and is dismissed because the plaintiff in such action or proceeding did not file an administrative claim as required by section 2672 of title 28, the plaintiff in that action or proceeding shall have 30 days from the date of the dismissal or 2 years from the date upon which the claim accrued, whichever is later, to file an administrative claim, and any claim or subsequent civil action or
proceeding shall thereafter be subject to the provisions of section 2401(b) of title 28, United States Code.

(e) “Contractor” defined

For purposes of this section, the term "contractor" includes a contractor or cost reimbursement subcontractor of any tier participating in the conduct of the United States atomic weapons testing program for the Department of Energy (or its predecessor agencies, including the Manhattan Engineer District, the Atomic Energy Commission, and the Energy Research and Development Administration). Such term also includes facilities which conduct or have conducted research concerning health effects of ionizing radiation in connection with the testing under contract with the Department of Energy (or any of its predecessor agencies).

HISTORICAL NOTE

On October 19, 1984, H.R. 5167, the Department of Defense Authorization Act, 1985, was approved as Public Law 98–525. Section 1631 of that Act (42 U.S.C. 2212) concerned contractor liability for injury or loss of property arising out of atomic weapons testing programs. On November 5, 1990, H.R. 4739, the National Defense Authorization Act for Fiscal Year 1991, was approved as Public Law 101–510. Section 3140 of that Act repealed section 1631 of the earlier Act, but section 3141 of the 1990 Act re-enacted it with a new title (the "Atomic Testing Liability Act") and some minor technical changes. The Atomic Testing Liability Act provides that the remedy provided by sections 1346(b) and 2672 of title 28, United States Code, or by the Act of March 9, 1920 (46 U.S.C. App. 741–752) or by the Act of March 3, 1925 (46 U.S.C. App. 781–790), as appropriate, for injury, loss of property, personal injury, or death, shall apply to any civil action arising from such injury or death based on the acts or omissions by a contractor carrying out a contract with the United States for an atomic weapons testing program. The remedy therein provided is to be exclusive of any other civil action or proceeding arising from any act or omission of the contractor, without regard to when the act or omission occurred. Any action against a contractor falling within the provisions of this section is to be deemed an action against the United States subject to the procedures provided in this Act.

and investigations) while acting within the scope of such person’s du-
ties if such person is assigned to a foreign country or detailed for
service with other than a Federal department, agency, or instrumentality or if the circumstances are such as are likely to preclude the remedies of third persons against the United States described in section 1346(b) of title 28, for such damage or injury.

(1) Notwithstanding subsection (g)(1) of this section, the Attorney General, in consultation with the Secretary, may on the record determine, after notice and opportunity for a full and fair hearing, that an individual physician or other licensed or certified health care practitioner who is an officer, employee, or contractor of an entity described in subsection (g)(4) of this section shall not be deemed to be an employee of the Public Health Service for purposes of this section, if treating such individual as such an employee would expose the Government to an unreasonably high degree of risk of loss because such individual—

(A) does not comply with the policies and procedures that the entity has implemented pursuant to subsection (h)(1) of this section;
(B) has a history of claims filed against him or her as provided for under this section that is outside the norm for licensed or certified health care practitioners within the same specialty;
(C) refused to reasonably cooperate with the Attorney General in defending against any such claim;
(D) provided false information relevant to the individual’s performance of his or her duties to the Secretary, the Attorney General, or an applicant for or recipient of funds under this chapter;
or
(E) was the subject of disciplinary action taken by a State medical licensing authority or a State or national professional society.

(2) A final determination by the Attorney General under this subsection that an individual physician or other licensed or certified health care professional shall not be deemed to be an employee of the Public Health Service shall be effective upon receipt by the entity employing such individual of notice of such determination, and shall apply only to acts or omissions occurring after the date such notice is received.

(j) Remedy for denial of hospital admitting privileges to certain health care providers

In the case of a health care provider who is an officer, employee, or contractor of an entity described in subsection (g)(4) of this section, section 254h(e) of this title shall apply with respect to the provider to the same extent and in the same manner as such section applies to any member of the National Health Service Corps.

(k) Estimate of annual claims by Attorney General; criteria; establishment of fund; transfer of funds to Treasury accounts

(1)(A) For each fiscal year, the Attorney General, in consultation with the Secretary, shall estimate by the beginning of the year the amount of all claims which are expected to arise under this section (together with related fees and expenses of witnesses) for which payment is expected to be made in accordance with section 1346 and chapter 171 of title 28 during the calendar year that begins during that fiscal year, of entities described in subsection (g)(4) of this section and of officers, employees, or contractors (subject to subsection (g)(5) of this section) of such entities.

(B) The estimate under subparagraph (A) shall take into account—

(i) the value and frequency of all claims for damage for personal injury, including death, resulting from the performance of medical, surgical, dental, or related functions by entities described in subsection (g)(4) of this section or by officers, employees, or contractors (subject to subsection (g)(5) of this section) of such entities who are deemed to be employees of the Public
Health Service under subsection (g)(1) of this section that, during the preceding 5-year period, are filed under this section or, with respect to years occurring before this subsection takes effect, are filed against persons other than the United States,

(ii) the amounts paid during that 5-year period on all claims described in clause (i), regardless of when such claims were filed, adjusted to reflect payments which would not be permitted under section 1346 and chapter 171 of title 28, and

(iii) amounts in the fund established under paragraph (2) but unspent from prior fiscal years.

(2) Subject to appropriations, for each fiscal year, the Secretary shall establish a fund of an amount equal to the amount estimated under paragraph (1) that is attributable to entities receiving funds under each of the grant programs described in paragraph (4) of subsection (g) of this section, but not to exceed a total of $10,000,000 for each such fiscal year. Appropriations for purposes of this paragraph shall be made separate from appropriations made for purposes of sections 254b, 254b and 256a of this title.

(3) In order for payments to be made for judgments against the United States (together with related fees and expenses of witnesses) pursuant to this section arising from the acts or omissions of entities described in subsection (g)(4) of this section and of officers, governing board member, employees, or contractors (subject to subsection (g)(5) of this section) of such entities, the total amount contained within the fund established by the Secretary under paragraph (2) for a fiscal year shall be transferred not later than the December 31 that occurs during the fiscal year to the appropriate accounts in the Treasury.

(1) Timely response to filing of action or proceeding

(1) If a civil action or proceeding is filed in a State court against any entity described in subsection (g)(4) of this section or any officer, governing board member, employee, or any contractor of such an entity for damages described in subsection (a) of this section, the Attorney General, within 15 days after being notified of such filing, shall make an appearance in such court and advise such court as to whether the Secretary has determined under subsections (g) and (h) of this section, that such entity, officer, governing board member, employee, or contractor of the entity is deemed to be an employee of the Public Health Service for purposes of this section with respect to the actions or omissions that are the subject of such civil action or proceeding. Such advice shall be deemed to satisfy the provisions of subsection (c) of this section that the Attorney General certify that an entity, officer, governing board member, employee, or contractor of the entity was acting within the scope of their employment or responsibility.

(2) If the Attorney General fails to appear in State court within the time period prescribed under paragraph (1), upon petition of any entity or officer, governing board member, employee, or contractor of the entity named, the civil action or proceeding shall be removed to the appropriate United States district court. The civil action or proceeding shall be stayed in such court until such court conducts a hearing, and makes a determination, as to the appropriate forum or procedure for the assertion of the claim for damages described in subsection (a) of this section and issues an order consistent with such determination.

(m) Application of coverage to managed care plans

(1) An entity or officer, governing board member, employee, or contractor of an entity described in subsection (g)(1) of this section shall, for purposes of this section, be deemed to be an employee of the Public Health Service with respect to services provided to individuals who are enrollees of a managed care plan if the entity contracts with such managed care plan for the provision of services.
(2) Each managed care plan which enters into a contract with an entity described in subsection (g)(4) of this section shall deem the entity and any officer, governing board member, employee, or contractor of the entity as meeting whatever malpractice coverage requirements such plan may require of contracting providers for a calendar year if such entity or officer, governing board member, employee, or contractor of the entity has been deemed to be an employee of the Public Health Service for purposes of this section for such calendar year. Any plan which is found by the Secretary on the record, after notice and an opportunity for a full and fair hearing, to have violated this subsection shall upon such finding cease, for a period to be determined by the Secretary, to receive and to be eligible to receive any Federal funds under titles XVIII or XIX of the Social Security Act [42 U.S.C. 1395 et seq., 1396 et seq.].

(3) For purposes of this subsection, the term “managed care plan” shall mean health maintenance organizations and similar entities that contract at-risk with payors for the provision of health services or plan enrollees and which contract with providers (such as entities described in subsection (g)(4) of this section) for the delivery of such services to plan enrollees.

(n) Report on risk exposure of covered entities

(1) Not later than 1 year after December 26, 1995, the Comptroller General of the United States shall submit to the Congress a report on the following:

(B) The risk exposure of such entities.

(C) The value of private sector risk-management services, and the value of risk-management services and procedures required as a condition of receiving a grant under section 254b, 254b, or 256a of this title.

(D) A comparison of the costs and the benefits to taxpayers of maintaining medical malpractice liability coverage for such entities pursuant to this section, taking into account—

(i) a comparison of the costs of premiums paid by such entities for private medical malpractice liability insurance with the cost of coverage pursuant to this section; and

(ii) an analysis of whether the cost of premiums for private medical malpractice liability insurance coverage is consistent with the liability claims experience of such entities.

(2) The report under paragraph (1) shall include the following:

(A) A comparison of—

(i) an estimate of the aggregate amounts that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) would have directly or indirectly paid in premiums to obtain medical malpractice liability insurance coverage if this section were not in effect; with

(ii) the aggregate amounts by which the grants received by such entities under this chapter were reduced pursuant to subsection (k)(2) of this section.

(B) A comparison of—

(i) an estimate of the amount of privately offered such insurance that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) purchased during the 3-year period beginning on January 1, 1993; with
(ii) an estimate of the amount of such insurance that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) will purchase after December 26, 1995.

(C) An estimate of the medical malpractice liability loss history of such entities for the 10-year period preceding October 1, 1996, including but not limited to the following:

(i) Claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by the Federal Government pursuant to deeming entities as employees for purposes of this section.

(D) An analysis of whether the cost of premiums for private medical malpractice liability insurance coverage is consistent with the liability claims experience of entities that have been deemed as employees for purposes of this section.

(3) In preparing the report under paragraph (1), the Comptroller General of the United States shall consult with public and private entities with expertise on the matters with which the report is concerned.

(o) Volunteer services provided by health professionals at free clinics

(1) For purposes of this section, a free clinic health professional shall in providing a qualifying health service to an individual, or an officer, governing board member, employee, or contractor of a free clinic shall in providing services for the free clinic, be deemed to be an employee of the Public Health Service for a calendar year that begins during a fiscal year for which a transfer was made under paragraph (6)(D). The preceding sentence is subject to the provisions of this subsection.

(2) In providing a health service to an individual, a health care practitioner shall for purposes of this subsection be considered to be a free clinic health professional if the following conditions are met:

(A) The service is provided to the individual at a free clinic, or through offsite programs or events carried out by the free clinic.

(B) The free clinic is sponsoring the health care practitioner pursuant to paragraph (5)(C).

(C) The service is a qualifying health service (as defined in paragraph (4)).

(D) Neither the health care practitioner nor the free clinic receives any compensation for the service from the individual or from any third-party payor (including reimbursement under any insurance policy or health plan, or under any Federal or State health benefits program). With respect to compliance with such condition:

(i) The health care practitioner may receive repayment from the free clinic for reasonable expenses incurred by the health care practitioner in the provision of the service to the individual.

(ii) The free clinic may accept voluntary donations for the provision of the service by the health care practitioner to the individual.

(E) Before the service is provided, the health care practitioner or the free clinic provides written notice to the individual of the extent to which the legal liability of the health care practitioner is limited pursuant to this subsection (or in the case of an emergency, the written notice is provided to the individual as soon
after the emergency as is practicable). If the individual is a minor or is otherwise legally incompetent, the condition under this sub-
paragraph is that the written notice be provided to a legal guard-
ian or other person with legal responsibility for the care of the
individual.

(F) At the time the service is provided, the health care practi-
tioner is licensed or certified in accordance with applicable law
regarding the provision of the service.

(3)(A) For purposes of this subsection, the term “free clinic” means
a health care facility operated by a nonprofit private entity meeting
the following requirements:

(i) The entity does not, in providing health services through the
facility, accept reimbursement from any third-party payor (includ-
ing reimbursement under any insurance policy or health plan, or
under any Federal or State health benefits program).

(ii) The entity, in providing health services through the facility,
either does not impose charges on the individuals to whom the
services are provided, or imposes a charge according to the ability
of the individual involved to pay the charge.

(iii) The entity is licensed or certified in accordance with appli-
cable law regarding the provision of health services.

(B) With respect to compliance with the conditions under subpara-
graph (A), the entity involved may accept voluntary donations for the
provision of services.

(4) For purposes of this subsection, the term “qualifying health
service” means any medical assistance required or authorized to be
provided in the program under title XIX of the Social Security Act [42
U.S.C. 1396 et seq.], without regard to whether the medical assist-
ance is included in the plan submitted under such program by the
State in which the health care practitioner involved provides the med-
ical assistance. References in the preceding sentence to such program
shall as applicable be considered to be references to any successor to
such program.

(5) Subsection (g) of this section (other than paragraphs (3) through
(5)) and subsections (h), (i), and (l) of this section apply to a health
care practitioner for purposes of this subsection to the same extent
and in the same manner as such subsections apply to an officer, gov-
erning board member, employee, or contractor of an entity described
in subsection (g)(4) of this section, subject to paragraph (6) and sub-
ject to the following:

(A) The first sentence of paragraph (1) applies in lieu of the
first sentence of subsection (g)(1)(A) of this section.

(B) This subsection may not be construed as deeming any free
clinic to be an employee of the Public Health Service for purposes
of this section.

(C) With respect to a free clinic, a health care practitioner is
not a free clinic health professional unless the free clinic sponsors
the health care practitioner. For purposes of this subsection, the
free clinic shall be considered to be sponsoring the health care
practitioner if—

(i) with respect to the health care practitioner, the free clinic sub-
mits to the Secretary an application meeting the requirements of
subsection (g)(1)(D) of this section; and

(ii) the Secretary, pursuant to subsection (g)(1)(E) of this section,
determines that the health care practitioner is deemed to be an
employee of the Public Health Service.

(D) In the case of a health care practitioner who is determined
by the Secretary pursuant to subsection (g)(1)(E) of this section
to be a free clinic health professional, this subsection applies to
the health care practitioner (with respect to the free clinic spon-
soring the health care practitioner pursuant to subparagraph (C))
for any cause of action arising from an act or omission of the health care practitioner occurring on or after the date on which the Secretary makes such determination.

(E) Subsection (g)(1)(F) of this section applies to a health care practitioner for purposes of this subsection only to the extent that, in providing health services to an individual, each of the conditions specified in paragraph (2) is met.

(6)(A) For purposes of making payments for judgments against the United States (together with related fees and expenses of witnesses) pursuant to this section arising from the acts or omissions of free clinic health professionals, there is authorized to be appropriated $10,000,000 for each fiscal year.

(B) The Secretary shall establish a fund for purposes of this subsection. Each fiscal year amounts appropriated under subparagraph (A) shall be deposited in such fund.

(C) Not later than May 1 of each fiscal year, the Attorney General, in consultation with the Secretary, shall submit to the Congress a report providing an estimate of the amount of claims (together with related fees and expenses of witnesses) that, by reason of the acts or omissions of free clinic health professionals, will be paid pursuant to this section during the calendar year that begins in the following fiscal year. Subsection (k)(1)(B) of this section applies to the estimate under the preceding sentence regarding free clinic health professionals to the same extent and in the same manner as such subsection applies to the estimate under such subsection regarding officers, governing board members, employees, and contractors of entities described in subsection (g)(4) of this section.

(D) Not later than December 31 of each fiscal year, the Secretary shall transfer from the fund under subparagraph (B) to the appropriate accounts in the Treasury an amount equal to the estimate made under subparagraph (C) for the calendar year beginning in such fiscal year, subject to the extent of amounts in the fund.

(7)(A) This subsection takes effect on the date of the enactment of the first appropriations Act that makes an appropriation under paragraph (6)(A), except as provided in subparagraph (B)(i).

(B)(i) Effective on August 21, 1996—

(I) the Secretary may issue regulations for carrying out this subsection, and the Secretary may accept and consider applications submitted pursuant to paragraph (5)(C); and

(II) reports under paragraph (6)(C) may be submitted to the Congress.

(ii) For the first fiscal year for which an appropriation is made under subparagraph (A) of paragraph (6), if an estimate under subparagraph (C) of such paragraph has not been made for the calendar year beginning in such fiscal year, the transfer under subparagraph (D) of such paragraph shall be made notwithstanding the lack of the estimate, and the transfer shall be made in an amount equal to the amount of such appropriation.

For purposes of this section, and subject to other provisions of this subsection, a covered person shall be deemed to be an employee of the Public Health Service with respect to liability arising out of administration of a covered countermeasure against smallpox to an individual during the effective period of a declaration by the Secretary under paragraph (2)(A).

(2) Declaration by Secretary concerning countermeasure against smallpox

(A) Authority to issue declaration
(i) In general
The Secretary may issue a declaration, pursuant to this paragraph, concluding that an actual or potential bioterrorist incident or other actual or potential public health emergency makes advisable the administration of a covered countermeasure to a category or categories of individuals.

(II) the qualified person administering the countermeasure had reasonable grounds to believe that such individual was within such category.

(C) Presumption of administration within scope of declaration in case of accidental vaccinia inoculation

(i) In general
If vaccinia vaccine is a covered countermeasure specified in a declaration under subparagraph (A), and an individual to whom the vaccinia vaccine is not administered contracts vaccinia, then, under the circumstances specified in clause (ii), the individual—

(I) shall be rebuttably presumed to have contracted vaccinia from an individual to whom such vaccine was administered as provided by clauses (i) and (ii) of subparagraph (B); and

(II) shall (unless such presumption is rebutted) be deemed for purposes of this subsection to be an individual to whom a covered countermeasure was administered by a qualified person in accordance with the terms of such declaration and as described by subparagraph (B).

(ii) Circumstances in which presumption applies
The presumption and deeming stated in clause (i) shall apply if—
(I) the individual contracts vaccinia during the effective period of a declaration under subparagraph (A) or by the date 30 days after the close of such period; or

(II) the individual has resided with, or has had contact with, an individual to whom such vaccine was administered as provided by clauses (i) and (ii) of subparagraph (B) and contracts vaccinia after such date.

(I) subsection (a) of this section; and

(II) section 1346(b) and chapter 171 of title 28.

(ii) Individuals to whom deeming applies

An individual is described by this clause if—

(I) vaccinia vaccine was administered to such individual as provided by subparagraph (B); and

(II) such individual was within a category of individuals covered by a declaration under subparagraph (A)(i).

(3) Exhaustion; exclusivity; offset

(A) Exhaustion

(i) In general

A person may not bring a claim under this subsection unless such person has exhausted such remedies as are available under part C of this subchapter, except that if the Secretary fails to make a final determination on a request for benefits or compensation filed in accordance with the requirements of such part within 240 days after such request was filed, the individual may seek any remedy that may be available under this section.

(ii) Tolling of statute of limitations

The time limit for filing a claim under this subsection, or for filing an action based on such claim, shall be tolled during the pendency of a request for benefits or compensation under part C of this subchapter.

(iii) Construction

This subsection shall not be construed as superseding or otherwise affecting the application of a requirement, under chapter 171 of title 28, to exhaust administrative remedies.

(B) Exclusivity

The remedy provided by subsection (a) of this section shall be exclusive of any other civil action or proceeding for any claim or suit this subsection encompasses, except for a proceeding under part C of this subchapter.

(C) Offset

The value of all compensation and benefits provided under part C of this subchapter for an incident or series of incidents shall be offset against the amount of an award, compromise, or settlement of money damages in a claim or suit under this subsection based on the same incident or series of incidents.

(4) Certification of action by Attorney General

Subsection (c) of this section applies to actions under this subsection, subject to the following provisions:

(A) Nature of certification

The certification by the Attorney General that is the basis for deeming an action or proceeding to be against the United States, and for removing an action or proceeding from a State court, is
a certification that the action or proceeding is against a covered person and is based upon a claim alleging personal injury or death arising out of the administration of a covered countermeasure.

(ii) the United States shall not be liable based on the acts or omissions of such person; and
(iii) the Attorney General shall not be obligated to defend such action.

(6) Recourse against covered person in case of gross misconduct or contract violation

(A) In general

Should payment be made by the United States to any claimant bringing a claim under this subsection, either by way of administrative determination, settlement, or court judgment, the United States shall have, notwithstanding any provision of State law, the right to recover for that portion of the damages so awarded or paid, as well as interest and any costs of litigation, resulting from the failure of any covered person to carry out any obligation or responsibility assumed by such person under a contract with the United States or from any grossly negligent, reckless, or illegal conduct or willful misconduct on the part of such person.

§ 2731. Definition
In this chapter, “settle” means consider, ascertain, adjust, determine, and dispose of a claim, whether by full or partial allowance or by disallowance.
(Aug. 10, 1956, ch. 1041, 70A Stat. 152.)

§ 2732. Payment of claims; availability of appropriations
Appropriations available to the Department of Defense for operation and maintenance may be used for payment of claims authorized by law to be paid by the Department of Defense (except for civil functions), including—
(1) claims for damages arising under training contracts with carriers; and
(2) repayment of amounts determined by the Secretary concerned to have been erroneously collected—
(A) from military and civilian personnel of the Department of Defense; or
(B) from States or territories or the District of Columbia (or members of the National Guard units thereof).

§ 2733. Property loss; personal injury or death: incident to noncombat activities of Department of Army, Navy, or Air Force
(a) Under such regulations as the Secretary concerned may prescribe, he, or, subject to appeal to him, the Judge Advocate General or an armed force under his jurisdiction, or the chief counsel of the Coast Guard, as appropriate, if designated by him, may settle, and pay in an amount not more than $100,000, a claim against the United States for—
(1) damage to or loss of real property, including damage or loss incident to use and occupancy;
(2) damage to or loss of personal property, including property mailed to the United States and including registered or insured mail damaged, lost, or destroyed by a criminal act while in the
possession of the Army, Navy, Air Force, Marine Corps, or Coast Guard, as the case may be; or 
(3) personal injury or death;
either caused by a civilian officer or employee of that department, or 
the Coast Guard, as the case may be, acting within the scope 
of his employment, or otherwise incident to noncombat activities of 
that department, or the Coast Guard.

(b) A claim may be allowed under subsection (a) only if—
(1) it is presented in writing within 2 years after it accrues, ex-
cept that if the claim accrues in time of war or armed conflict or 
if such a war or armed conflict intervenes within 2 years after it 
accrues and if good cause is shown, the claim may be presented 
not later than 2 years after the war or armed conflict is termi-
nated;
(2) it is not covered by section 2734 of this title or section 2672 
of title 28;
(3) it is not for personal injury or death of such a member or 
civilian officer or employee whose injury or death is incident to 
his service;
(4) the damage to, or loss of, property, or the personal injury 
or death, was not caused wholly or partly by a negligent or 
wrongful act of the claimant, his agent, or his employee; or, if so 
caused, allowed only to the extent that the law of the place where 
the act or omission complained of occurred would permit recovery 
from a private individual under like circumstances; and
(5) it is substantiated as prescribed in regulations of the Sec-
retary concerned.

For the purposes of clause (1), the dates of the beginning and ending 
of an armed conflict are the dates established by concurrent resolu-
tion of Congress or by a determination of the President.
(c) Payment may not be made under this section for reimbursement 
for medical, hospital, or burial services furnished at the expense of 
the United States.
(d) If the Secretary concerned considers that a claim in excess of 
$100,000 is meritorious, and the claim otherwise is payable under 
this section, the Secretary may pay the claimant $100,000 and report 
any meritorious amount in excess of $100,000 to the Secretary of the 
Treasury for payment under section 1304 of title 31.
(e) Except as provided in subsection (d), no claim may be paid 
under this section unless the amount tendered is accepted by the 
claimant in full satisfaction.
(f) For the purposes of this section, a member of the National Oce-
anic and Atmospheric Administration or of the Public Health Service 
who is serving with the Navy or Marine Corps shall be treated as if 
he were a member of the armed forces.
(g) Under regulations prescribed by the Secretary concerned, an of-
ficer or employee under the jurisdiction of the Secretary may settle 
a claim that otherwise would be payable under this section in an 
amount not to exceed $25,000. A decision of the officer or employee 
who makes a final settlement decision under this section may be 
appealed by the claimant to the Secretary concerned or an officer or em-
ployee designated by the Secretary for that purpose.
(h) Under such regulations as the Secretary of Defense may pre-
scribe, he or his designee has the same authority as the Secretary of 
a military department under this section with respect to the settle-
ment of claims based on damage, loss, personal injury, or death 
caused by a civilian officer or employees of the Department of Defense 
acting within the scope of his employment or otherwise incident to 
noncombat activities of that department.
§ 2734. Property loss; personal injury or death: incident to non-combat activities of the armed forces; foreign countries

(a) To promote and to maintain friendly relations through the prompt settlement of meritorious claims, the Secretary concerned, or an officer or employee designated by the Secretary, may appoint, under such regulations as the Secretary may prescribe, one or more claims commissions, each composed of one or more officers or employees or combination of officers or employees of the armed forces, to settle and pay in an amount not more than $100,000, a claim against the United States for—

(1) damage to, or loss of real property of, any foreign country or of any political subdivision or inhabitant of a foreign country, including damage or loss incident to use and occupancy;

(2) damage to, or loss of, personal property of any foreign country or of any political subdivision or inhabitant of a foreign country, including property bailed to the United States; or

(3) personal injury to, or death of, any inhabitant of a foreign country;

if the damage, loss, personal injury, or death occurs outside the United States or the Territories, Commonwealths, or possessions, and is caused by, or is otherwise incident to noncombat activities of the armed forces under this jurisdiction, or is caused by a member thereof or by a civilian employee of the military department concerned or the Coast Guard, as the case may be. The claim of an insured, but not that of a subrogee, may be considered under this subsection. In this section, "foreign country" includes any place under the jurisdiction of the United States in a foreign country. An officer or employee may serve on a claims commission under the jurisdiction of another armed force only with the consent of the Secretary of his department, or his designee, but shall perform his duties under regulations of the department appointing the commission.

(b) A claim may be allowed under subsection (a) only if—

(1) it is presented within 2 years after it accrues;

(2) in the case of a national of a country at war with the United States, or of any ally of that country, the claimant is determined by the commission or by the local military commander to be friendly to the United States; and

(3) it did not arise from action by an enemy or result directly or indirectly from an act of the armed forces of the United States in combat, except that a claim may be allowed if it arises from an accident or malfunction incident to the operation of an aircraft of the armed forces of the United States, including its airborne ordnance, indirectly related to combat, and occurring while preparing for, going to, or returning from a combat mission.

(c) The Secretary concerned may appoint any officer or employee under the jurisdiction of the Secretary to act as an approval authority for claims determined to be allowable under subsection (a) in an amount in excess of $10,000.

(d) If the Secretary concerned considers that a claim in excess of $100,000 is meritorious, and the claim otherwise is payable under

this section, the Secretary may pay the claimant $100,000 and report any meritorious amount in excess of $100,000 to the Secretary of the Treasury for payment under section 1034 of title 31.

(e) Except as provided in subsection (d), no claim may be paid under this section unless the amount tendered is accepted by the claimant in full satisfaction.

(f) Upon the request of the department concerned, a claim arising in that department and covered by subsection (a) may be settled and paid by a commission appointed under subsection (a) and composed of officers of an armed force under the jurisdiction of another department.

(g) Payment of claims against the Coast Guard arising while it is operating as a service in the Department of Homeland Security shall be made out of the appropriation for the operating expenses of the Coast Guard.

(h) The Secretary of Defense may designate any claims commission appointed under subsection (a) to settle and pay, as provided in this section, claims for damage caused by a civilian employee of the Department of Defense other than an employee of a military department. Payments of claims under this subsection shall be made from appropriations as provided in section 2732 of this title.

§ 2734a. Property loss; personal injury or death; incident to noncombat activities of armed forces; foreign countries; international agreements

(a) When the United States is a party to an international agreement which provides for the settlement or adjudication and cost sharing of claims against the United States arising out of the acts or omissions of a member or civilian employee of an armed force of the United States done in the performance of official duty, or arising out of any other act, omission, or occurrence for which an armed force of the United States is legally responsible under the law of another party to the international agreement, and causing damage in the territory of such party, the Secretary of Defense or the Secretary of Transportation or their designees may—

(1) reimburse the party to the agreement for the agreed pro rata share of amounts, including any authorized arbitration costs, paid by that party in satisfying awards or judgments on claims, in accordance with the agreement; or

(2) pay the party to the agreement the agreed pro rata share of any claim, including any authorized arbitration costs, for damage to the property owned by it, in accordance with the agreement.

(b) A claim arising out of an act of an enemy of the United States or arising, directly or indirectly, from an act of the armed forces, or a member thereof, while engaged in combat may not be considered or paid under this section.

(c) A reimbursement or payment under this section shall be made by the Secretary of Defense out of appropriations as provided in section 2732 of this title except that payment of claims against the Coast
Guard arising while it is operating as a service of the Department of Homeland Security shall be made out of the appropriations for the operating expenses of the Coast Guard. The appropriations referred to in this subsection may be used to buy foreign currencies required for the reimbursement or payment.

(d) Upon the request of the Secretary of Homeland Security or his designee, any payments made relating to claims arising from the activities of the Coast Guard and covered by subsection (a) may be reimbursed or paid to the foreign country concerned by the authorized representative of the Department of Defense out of appropriations as provided in section 2732 of this title, subject to reimbursement from the Department of Transportation.

§ 2734b. Property loss; personal injury or death; incident to activities of armed forces of foreign countries in United States; international agreements

(a) When the United States is a party to an international agreement which provides for the settlement or adjudication by the United States under its laws and regulations and subject to agreed pro rata reimbursement, of claims against another party to the agreement arising out of the acts or omissions of a member or civilian employee of an armed force of that party done in the performance of official duty, or arising out of any other act, omission, or occurrence for which that armed force is legally responsible under applicable United States law, and causing damage in the United States, or a territory, Commonwealth, or possession thereof; those claims may be prosecuted against the United States, or settled by the United States, in accordance with the agreement, as if the acts or omissions upon which they are based were the acts or omissions of a member or a civilian employee of an armed force of the United States.

(b) When a dispute arises in the settlement of adjudication of a claim under this section whether an act or omission was in the performance of official duty, or whether the use of a vehicle of the armed forces was authorized, the dispute shall be decided under the international agreement with the foreign country concerned. Such a decision is final and conclusive. The Secretary of Defense may pay that part of the cost of obtaining such a decision that is chargeable to the United States under that agreement.

(c) A claim arising out of an act of an enemy of the United States may not be considered or paid under this section.

(d) A payment under this section shall be made by the Secretary of Defense out of appropriations as provided in section 2732 of this title.

§ 2735. Settlement: final and conclusive

Notwithstanding any other provision of law, the settlement of a claim under section 2733, 2734, 2734a, 2734b, or 2737 of this title is final and conclusive.

§ 2736. Property loss; personal injury or death; advance payment

(a)(1) In the case of a person who is injured or killed, or whose property is damaged or lost, under circumstances for which the Secretary of a military department is authorized by law to allow a claim, the Secretary of the military department concerned may make a payment to or for the person, or the legal representatives of the person, in advance of the submission of such a claim or, if such a claim is submitted, in advance of the final settlement of the claim. The amount of such a payment may not exceed $100,000.

(2) Payments under this subsection are limited to payments which would otherwise be payable under section 2733 or 2734 of this title or section 715 of title 32.

(3) The Secretary of a military department may delegate the authority to make payments under this subsection to the Judge Advocate General of an armed force under the jurisdiction of the Secretary. The Secretary may delegate such authority to any other officer or employee under the jurisdiction of the Secretary, but only with respect to the payment of amounts of $25,000 or less.

(4) Payments under this subsection shall be made under regulations prescribed by the Secretary of the military department concerned.

(b) Any amount paid under subsection (a) shall be deducted from any amount that may be allowed under any other provision of law to the person, or his legal representative, for injury, death, damage, or loss attributable to the accident concerned.

(c) So far as practicable, regulations prescribed under this section shall be uniform for the military departments.

(d) Payment of an amount under subsection (a) is not an admission by the United States of liability for the accident concerned.

AMENDMENT NOTE

Section 735(b) provides that the effective date of the amendment made by subsection (a) shall apply to any claim which would otherwise be payable under section 2733 or 2734 of title 10, United States Code, or under section 715 of title 32, United States Code, and which has not been finally settled on or before the date of enactment of this Act (Sept. 29, 1988).

§ 2737. Property loss; personal injury or death; incident to use of property of the United States and not cognizable under other law

(a) Under such regulations as the Secretary concerned may prescribe, he or his designee may settle and pay, in an amount not more than $1,000, a claim against the United States, not cognizable under any other provision of law, or—

(1) damage to, or loss of, property; or

(2) personal injury or death;

caused by a civilian official or employee of a military department or the Coast Guard, or a member of the armed forces, incident to the use of a vehicle of the United States at any place, or any other property of the United States on a Government installation.

(b) Under such regulations as the Secretary of Defense may prescribe, he or his designee has the same authority as the Secretary of
a military department with respect to a claim, not cognizable under any other provision of law, for—
   (1) damage to, or loss of, property; or
   (2) personal injury or death;
caused by a civilian official or employee of the Department of Defense not covered by subsection (a), incident to the use of a vehicle of the United States at any place, or any other property of the United States on a Government installation.
(c) A claim may not be allowed under subsection (a) or (b) if the damage to, or loss of, property, or the personal injury or death was caused wholly or partly by a negligent or wrongful act of the claimant, his agent, or his employee.
(d) A claim for personal injury or death under this section may not be allowed for more than the cost of reasonable medical, hospital, and burial expenses actually incurred, and not otherwise furnished or paid by the United States.
(e) No claim may be allowed under this section unless it is presented in writing within 2 years after it accrues.
(f) A claim may not be paid under subsection (a) or (b) unless the amount tendered is accepted by the claimant in full satisfaction.
(g) No claim or any part thereof, the amount of which is legally recovered by the claimant under any indemnifying law or indemnity contract, may be paid under this section. No subrogated claim may be paid under this section.
(h) So far as practicable, regulations prescribed under this section shall be uniform. Regulations prescribed under this section by the Secretaries of the military departments must be approved by this Secretary of Defense.

(b) A claim may be allowed under subsection (a) only if—
   (1) it is presented in writing within 2 years after it accrues, except that if the claim accrues in time of war or armed conflict or if such a war or armed conflict intervenes within 2 years after it accrues, and if good cause is shown, the claim may be presented...

For the purposes of clause (1), the dates of the beginning and end of an armed conflict are the dates established by concurrent resolution of Congress or by a determination of the President.

(c) Payment may not be made under this section for reimbursement for medical, hospital, or burial services furnished at the expense of the United States or of any State or the District of Columbia or Puerto Rico.

(d) If the Secretary concerned considers that a claim in excess of $100,000 is meritorious, and the claim otherwise is payable under this section, the Secretary may pay the claimant $100,000 and report any meritorious amount in excess of $100,000 to the Secretary of the Treasury for payment under section 1304 of title 31.

MEDICAL CARE RECOVERY ACT

NOTE
This law, which provides for the recovery from tortiously liable third persons of the cost of hospital and medical care and treatment fur-
nished by the United States, originated as a bill considered by the Subcommittee in the 87th Congress.

TITLE 42.—THE PUBLIC HEALTH AND WELFARE
CHAPTER 32—THIRD PARTY LIABILITY FOR HOSPITAL AND MEDICAL CARE

Sec. 2651. Recovery by United States.
2652. Regulations.
2653. Limitation or repeal of other provisions for recovery of hospital and medical care costs.

§ 2651. Recovery by United States
(a) Conditions; exceptions; persons liable; amount of recovery; subrogation; assignment
In any case in which the United States is authorized or required by law to furnish or pay for hospital, medical, surgical, or dental care and treatment (including prostheses and medical appliances) to a person who is injured or suffers a disease, after the effective date of this Act, under circumstances creating a tort liability upon some third person (other than or in addition to the United States and except employers of seamen treated under the provisions of section 249 of this title) to pay damages therefor, the United States shall have a right to recover (independent of the rights of the injured or diseased person) from said third person, or that person's insurer the reasonable value of the care and treatment so furnished, to be furnished, or to be paid for and shall, as to this right be subrogated to any right or claim that the injured or diseased person, his guardian, personal representative, estate, dependents, or survivors has against such third person to the extent of the reasonable value of the care and treatment so furnished, to be furnished, or to be paid for. The head of the department or agency of the United States furnishing such care or treatment may also require the injured or diseased person, his guardian, personal representative, estate, dependents, or survivors, as appropriate, to assign his claim or cause of action against the third person to the extent of that right or claim.

(b) Recovery of cost of pay for member of uniformed services unable to perform duties
If a member of the uniformed services is injured, or contracts a disease, under circumstances creating a tort liability upon a third person (other than or in addition to the United States and except employers of seamen referred to in subsection (a) of this section) for damages for such injury or disease and the member is unable to perform the member's regular military duties as a result of the injury or disease, the United States shall have a right (independent of the rights of the member) to recover from the third person or an insurer of the third person, or both, the amount equal to the total amount of the pay that accrues and is to accrue to the member for the period for which the member is unable to perform such duties as a result of the injury or disease and is not assigned to perform other military duties.

(c) United States deemed third party beneficiary under alternative system of compensation
(1) If, pursuant to the laws of a State that are applicable in a case of a member of the uniformed services who is injured or contracts a disease as a result of tortious conduct of a third person, there is in effect for such a case (as a substitute or alternative for compensation for damages through tort liability) a system of compensation or reim-
bursement for expenses of hospital, medical, surgical, or dental care and treatment for lost pay pursuant to a policy of insurance, contract, medical or hospital service agreement, or similar arrangement, the United States shall be deemed to be a third-party beneficiary of such a policy, contract, agreement, or arrangement.

(2) For the purposes of paragraph (1)—
(A) the expenses incurred or to be incurred by the United States for care and treatment for an injured or diseased member as described in subsection (a) of this section shall be deemed to have been incurred by the member;
(B) the cost to the United States of the pay of the member as described in subsection (b) of this section shall be deemed to have been pay lost by the member as a result of the injury or disease; and
(C) the United States shall be subrogated to any right or claim that the injured or diseased member or the member’s guardian, personal representative, estate, dependents, or survivors have under a policy, contract, agreement, or arrangement referred to in paragraph (1) to the extent of the reasonable value of the care and treatment and the total amount of the pay deemed lost under subparagraph (B).

(d) Enforcement procedure; intervention; joinder of parties; State or Federal court proceedings
The United States may, to enforce a right under subsections (a), (b), and (c) of this section, (1) intervene or join in any action or proceeding brought by the injured or diseased person, his guardian, personal representative, estate, dependents, or survivors, against the third person who is liable for the injury or disease or the insurance carrier or other entity responsible for the payment or reimbursement of medical expenses or lost pay; or (2) if such action or proceeding is not commenced within 6 months after the first day in which care and treatment is furnished or paid for by the United States in connection with the injury or disease involved, institute and prosecute legal proceedings against the third person who is liable for the injury or disease or the insurance carrier or other entity responsible for the payment or reimbursement of medical expenses or lost pay in State or Federal court, either alone (in its own name or in the name of the injured person, his guardian, personal representative, estate, dependents, or survivors) or in conjunction with the injured or diseased person, his guardian, personal representative, estate, dependents, or survivors.

(e) Veterans’ exception
The provisions of this section shall not apply with respect to hospital, medical, surgical, or dental care and treatment (including prostheses and medical appliances) furnished by the Department of Veterans Affairs to an eligible veteran for a service-connected disability under the provisions of chapter 17 of title 38.

(f) Crediting of amounts recovered
(1) Any amount recovered under this section for medical care and related services furnished by a military medical treatment facility or similar military activity shall be credited to the appropriation or appropriations supporting the operation of that facility or activity, as determined under regulations prescribed by the Secretary of Defense.
(2) Any amount recovered under this section for the cost to the United States of pay of an injured or diseased member of the uniformed services shall be credited to the appropriation that supports the operation of the command, activity, or other unit to which the
member was assigned at the time of the injury or illness, as determined under regulations prescribed by the Secretary concerned.

GUIDING PRINCIPLES IN SPECIFIC CATEGORIES OF CLAIMS

CONTRACT CLAIMS

When based on equitable considerations, contract claims have been considered by the Subcommittee. Claims based upon a contract, either express or implied, are cognizable by the United States Court of Federal Claims. The statutory provisions concerning the administrative and judicial settlement of disputes and claims arising from contracts provide the usual basis for final resolution of such matters. The Contract Disputes Act enacted in 1978 and set out as chapter 9 of title 41, United States Code, under the heading “Contract Disputes,” provides the statutory basis for government-wide procedures for the administrative and judicial resolution of such disputes. This law originated as a bill considered by the Subcommittee. It should be noted that many of the contract claims presented to the Committee have been rejected for failure to take advantage of an existing remedy, by suit or otherwise, as prescribed by Committee rule 9.

While the Congress may enact special legislation for the payment of claims on what the Supreme Court has termed “moral grounds,” it is here emphasized that the matters are considered by the Subcommittee in the light of settled legal or equitable principles, and relief will be granted only when the relief is consistent with such principles.

JURISDICTIONAL BILLS

These are bills conferring jurisdiction for the determination of a claim to a court or tribunal when jurisdiction does not exist under general law. In the past, the Committee has considered bills to confer jurisdiction on a court for the determination of a claim for the taking of private lands for public use; for confiscation and illegal sale of property; for the value of services rendered the Government under a contract; for salary wrongfully withheld from an employee; for damage to property; for personal injury and death not covered by the tort claims provisions of title 28, United States Code; and for determination of equitable relief allegedly due under a contract.

It is relevant to note that the Federal tort claims provisions of title 28 provide a broad area of jurisdiction in the Federal courts over claims which, before the enactment of the Federal Tort Claims Act, were proper subjects for private bills.
REFUNDS—BONDS, FEES, FINES, AND OTHER AMOUNTS PAID TO THE GOVERNMENT

The refund of money wrongfully or erroneously covered into the Treasury has at times been the subject of bills considered by the Subcommittee. These may include refunds of the value of a bond, either criminal or alien, forfeited to the Government. Bonds are exacted for the performance of some act, usually the appearance of an accused in a criminal case, or the appearance of deportation of an alien in immigration proceedings. A failure to comply with their terms constitutes a breach resulting in forfeiture. It has been required that the appeal for relief be grounded on more than an assertion of the fact of forfeiture and subsequent apprehension of the criminal or alien by the Government, coupled with an argument that the Government should not thus enrich itself at the bondsman’s expense. In past years consideration has been given such factors as: Information showing that claimant is not a professional bondsman (received a consideration for his undertaking); that the defendant has been apprehended; that claimant contributed either funds or acts to such apprehension; and that the Government has not been damaged by the defendant’s failure to appear.

Bills seeking a refund of fees or fines have also been considered. Numerous claims for the refund of taxes, duties, and other revenue overpaid to the Government have been presented, both in past Congresses and the present. Each of these cases involved a waiver of the statute of limitations contained in all revenue laws, which stood as a bar to claimant’s recovery, thus necessitating legislation for its waiver or for outright refund incidentally effecting the waiver. The Subcommittee has usually required that it be established that relief should be extended because of unusual and compelling equities. For instance, it would be necessary to prove that such a waiver is justified in a unique case, such as where a claimant had been misled by Government agents in payment of the revenue, or as to his right to refund, or had apparently taken every possible precaution to protect his rights but nevertheless lost to the Government upon its assertion that the statute had expired. In other words, the situation was something more than a simple overpayment—of which there are thousands—the collection of which was precluded by the statute of limitations.

While not a subject of private bills in recent years, fees coming into the hands of fiscal officers of the Government and erroneously covered into the Treasury have been refunded by special legislation. Several bills refunding fines paid under the Lever Act of August 10, 1917, subsequently declared unconstitutional in part by the Supreme Court were enacted.

ADJUSTMENT AND SETTLEMENT OF ACCOUNTS

Bills proposing the adjustment and settlement of accounts of disbursing officers, postmasters, or other fiscal agents of the United States have been considered by the Subcommittee. Such bills generally involve an appropriation of money unless the officer has been required to refund it to the Government, in which event appropriation for payment to him will be necessary. If there has been no refund, the correct action is to authorize and direct the Comptroller General of the United States (not the Secretary of the Treasury, Postmaster General, or other official) to credit, or allow credit, in the officer’s account and the bills should so read. Fiscal officers are often necessarily held responsible for losses which they neither contributed to or occasioned. Bills granting relief have been favorably considered where good faith and an absence of negligence can be shown. Bills have been approved which validated unauthorized expenditures for goods or services from which the Government benefited substantially. Simi-
larly, fiscally or certifying personnel have been granted relief in some cases for loss of funds and property; for payments made with or without higher authority, but subsequently held to be unauthorized by law; and for account shortages to overpayments, embezzlements by subordinates, post office robberies, and other losses. Aside from the mentioned good faith and absence of negligence, no general rule relative to allowance of relief in this class of claims can be laid down, but it has been granted or denied in accordance with the particular facts and circumstances in each case.

SERVICES PERFORMED FOR THE GOVERNMENT

All claims for services rendered to the Government, either as a volunteer or under some legal right or authority are cognizable by the Committee, with the exception of those which can be administratively determined and settled (by the departments or the General Accounting Office in accordance with existing law). Payments have been authorized where employees were hired and performed work but were not paid because the hiring was without legal authority or no appropriation existed from which payment could be made. In a few cases, the payment of rewards for services rendered in apprehending law violators, usually of postal laws, has been authorized. It should be noted, however, that the offering and payment of rewards is vested in the Attorney General, the Postmaster General, and other department heads with respect to enforcement of laws administered by their departments, and special legislation is usually not warranted.

Payments have also been made for services rendered in developing a national forest; for rescues at sea of Government officers or employees; for the preparation of ship-construction plans; of preparation for burial and transportation of the body of an employee who died abroad while on official duty; for transportation of employees on official business (where the expense has been held unauthorized under existing law); for fees earned as a United States commissioner, probation officer, or doctor attached to a Federal prison, after expiration of a previous appointment.

SUPPLIES OR GOODS FURNISHED THE GOVERNMENT

Claims for supplies or goods furnished to the Government, as well as for use or loss of property loaned it, have at times been recognized in bills providing for payment for such services or goods. The history of claims before the Committee indicate that such bills provided for payments for meat furnished to the Forest Service; trucks furnished to the Army; submarine valves furnished to the Navy; horses, cows, and other property leased or gratuitously bailed to the Government, and thereafter lost, through death or other cause, as result of negligent care; coal supplied under a contract which was later canceled; and also cases of furnishing both material and labor under construction contracts. However, Government procurement contracts and construction contracts are governed by public laws on that subject and their implementing regulations. Only in most unusual instances has it been found appropriate to grant relief through private legislation.

As has just been observed, the Government usually obtains services, supplies, goods, or property under a contract or lease. Payment of claims of this class has, in unusual cases, required private legislation because the equities of the case justified relief and there was no right of suit against the Government, for legal or other reasons. Rule 9 requiring that claimant exhaust his remedies elsewhere prior to seeking relief from the Congress, as well as the matter previously set forth with respect to contract claims, should be kept in mind by one who desires to determine what the Committee's attitude may be with respect to claims of this class.
GOVERNMENT WARDS, PRISONERS, AND CONTRACT EMPLOYEES

A statement concerning Government wards and prisoners is included in this booklet since, in past Congresses, several private bills were enacted compensating some of such persons for personal injuries sustained while performing work of which the Government received the benefit. Those included bills concerning pupils at Indian schools. They learn trades as part of their instruction and also perform duties at the school. Occasionally, injuries have occurred while performing their duties or in the course of their instruction with machinery, and the Congress has, by special act, provided compensation for those injured. Again, inmates of the Federal reformatories and prisons are required to work in shops, and the product of their labor goes to the Government. Under section 4126 of title 18, United States Code, there is provision for the payment of compensation to prisoners or their dependents for injuries suffered in any prison industry or in work in connection with maintenance or operation of the institution where confined. This provision provides for payments in a manner somewhat similar to that provided in the Federal Employees Compensation Act. This section provides for relief previously provided for only by private bill.

Persons employed by a Government contractor who suffer injury in the performance of their duties must look to the contractor for compensation. In a few rare instances, the Committee has favorably considered claims for compensation by contract employees. One was the claim of a contract mail carrier, injured by the negligent overloading of mail sacks by Government employees. Another was himself performing hazardous work under a contract with the Forest Service when he sustained injury. Two more were victims of attempted mail robberies. Of these, one was a contract carrier, the other was employed by a fourth-class postmaster and suffered severe injuries in successfully defending the post office and its contents against four armed bandits. These cases were regarded as involving unique factual situations which provided grounds for distinguishing between their merits and those of claims by persons employed by the average Government contractor.

MISCELLANEOUS

In past years, the Committee has considered claims for the difference in value of purebred cows slaughtered, in the Government’s disease-elimination program, as grade animals, prior to their registration as purebred; for the full value of land conveyed to the Government in an instance where payment was originally made on the basis of an erroneous survey of the tract by the Government; for personal injury suffered while assisting a United States officer in law enforcement; for one-half of a judgment recovered against a municipality by the estate of a deceased employee, killed through the joint negligence of the municipality and the Government; authorizing the cashing of two paychecks on behalf of the widow of a Government agent who disappeared while performing official duty, on the 7-year-absence death presumption; for expenses incurred in preparing to carry the mail under an awarded contract which was later canceled; for damage to property occupied, with the Government’s assent, by so-called “bonus marchers”; for the refund of an inheritance tax, due the State of Pennsylvania but erroneously paid to the Federal Government; for the refund of Federal tax collected on gas furnished the Government under a contract.

The Subcommittee also has jurisdiction over public claims legislation. For example, the Subcommittee has considered bills amending the Federal tort claims provisions of title 28, United States Code, bills amending the military claims provisions of chapter 163 of title 10,
United States Code, and other public bills concerning claims and claims procedure.

Although examples of bills considered by the Subcommittee or coming within Committee jurisdiction and policy have been discussed herein, other points may arise in connection with some proposed bills, and the Committee suggests that the author of such a bill consider discussing the matter with the Subcommittee staff. Should there be a question concerning the jurisdiction of the Committee over the subject matter, it is suggested that the author of the bill contact the Parliamentarian of the House prior to introduction of the bill.
