The Honorable Christopher A. Wray
Director
Federal Bureau of Investigation
935 Pennsylvania Avenue, N.W.
Washington, DC 20535

Dear Director Wray:

We are investigating allegations of politicization and bias at the Federal Bureau of Investigation. As a part of this oversight, Committee Republicans have sent you letters requesting documents and information on several matters,¹ including but not limited to whistleblower disclosures alleging the FBI’s improper use of law-enforcement resources for political purposes and the FBI’s “purging” of employees with disfavored viewpoints. To date, the FBI has not sufficiently responded to any of our specific requests for documents or information. Our various requests to you, accordingly, remain outstanding.

The FBI is not immune from transparency or above accountability for its actions. Committee Republicans intend to continue to examine the politicization and bias at the FBI, including into the 118th Congress if necessary. We reiterate our requests, which are itemized in the attached appendix and incorporated herein, and ask that you, as the custodian of all FBI records, produce the entirety of the requested material as soon as possible but no later than November 16, 2022.

Furthermore, this letter serves as a formal request to preserve all existing and future records and materials in your possession relating to the topics addressed in this letter. You should

construe this preservation notice as an instruction to take all reasonable steps to prevent the destruction or alteration, whether intentionally or negligently, of all documents, communications, and other information, including electronic information and metadata, that are or may be responsive to this congressional inquiry. This instruction includes all electronic messages sent using your official and personal accounts or devices, including records created using text messages, phone-based message applications, or encryption software.

Sincerely,

Jim Jordan
Ranking Member
